Dulles, Chiang Agree On Stand Against Reds

SHE'S A HE—John Murphy Goodshot (above), 21, has been arrested in Denver on a warrant from Rhode Island. Federal authorities at Providence said Goodshot and a Navy Seabee, Elwin Cox, 21, went through a marriage ceremony two years ago and that the "wife" received and cashed four Navy dependency checks for $137 each. **(AP Photofax)**

Artillery Duel Rages; U.S. May Revive Convoys

TAIPEI, Formosa (AP)—Secretary of State Dulles and President Chiang Kai-shek agreed Wednesday night that their countries must stand together against Communist China.

An exchange of toasts at a state dinner cleared the way for a new statement of solidarity expected after their Thursday windup conference on the Formosa crisis.

The meeting was expected to be the final one in three days of crisis talks. The second day brought a warning from Dulles that U.S. warships may return to escort duty on the supply run to Quemoy because of renewed Communist shelling.

Throughout the day mainland Red gunners and Nationalists on Quemoy Island engaged in a fierce artillery duel, but the firing dropped off at nightfall.

The inner was at Chiang's palace on Grass Mountain, outside Taipei.

Chiang Toasts Ike

Chiang said a Red China campaign to divide the two allies "makes it of paramount importance to reaffirm our joint stand of solidarity and resoluteness vis-a-vis the enemy."

He toasted President Eisenhower and praised Dulles as "an uncompromising antagonist to communism."

The Nationalist information office quoted Dulles as replying that the downfall of Red China depends on the free world's determination, courage and dedication.

The information bureau said Dulles also had reaffirmed as his "real conviction" a statement at San Francisco last year that Communist rule in mainland China is a passing phase and Americans "should contribute to that passing."

Artillery Duel Rages

While the talks went on, Red guns and Nationalist artillery on Quemoy fought their duel. By Nationalist count, the Reds rained 8,376 rounds on the off-shore islands between 6 a.m. and 6 p.m.

At the peak of fire the shells were coming in at the rate of 1,000 per hour, AP Correspondent David Lancashire reported from Quemoy. He said nine civilians had been killed and seven wounded since the Communists ended their 15-day cease-fire Monday afternoon. In addition, 35 soldiers were wounded during the first two days of firing.

Lancashire said that in the answering fire, Nationalist artillery commanders claimed their 155 mm. cannon and newly arrived U.S.-made 8-inch howitzers had knocked out 15 Red guns, 12 gun positions, and an observation post.

CRASH VICTIM — British model Jane Buckingham (above), 22, was killed yesterday in an air crash in Italy. 31 Perish When British Airliner And Jet Collide

ANZIO, Italy (AP) — A British turboprop airliner and an Italian jet fighter collided in a cloudless sky four miles over this World War II battlefield Wednesday.

The 31 persons in the passenger plane plummeted to death. The fighter pilot parachuted into the sea and was rescued.

The four-engine British European Airways Viscount was flying at 23,500 feet. The weather was clear but cold.

An airline spokesman said the collision tore open the front of the airliner's fuselage. The plane's pressurized cabin was decompressed suddenly, and most of the passengers were sucked out into the air.

Mrs. Alida Carini, a Nettuno housewife, looked up and saw the bodies falling, dark against the sky.

"It looked like they were throwing leaflets out of the plane," she said.

Cosimo Baggialemani said he was picking mushrooms when he heard an explosion. He looked up and saw the flames. Then debris began plummeting all around him.

The Viscount plunged onto an Italian army artillery range about 500 yards from the Mediterranean and burst into flames. Pieces of wreckage flew over an area of more than a mile.

One man was still alive when rescuers reached the scene, but he died in the ambulance taking him to a hospital.

The bodies of 27 others were scattered around the plane. Three bodies were found inside the burned fuselage.

There were 26 passengers and a crew of five on the plane. It was en route from London to Naples and Malta.

Among the passengers was Jane Buckingham, 24, auburn-haired London model flying to Naples to see Indian Prince Shiv to straighten out a romantic tangle.

Before leaving London Miss Buckingham accused Hungarian actress Eva Bartok of trying to woo the Indian prince away from her. But a spokesman for the prince's family said he was not in Naples. He was reported en route from London to Naples by car.

Ike Declares GOP Policies Insure National Prosperity

President Tags 'Divided' Demos As Ineffectual

CHICAGO (AP)—President Eisenhower said Wednesday night his administration has brought the income of the American people to an all-time high without any help from "a federal wheelchair."

The President addressed his remarks to a Republican precinct workers rally in the International Amphitheater winding up a coast-to-coast tour on behalf of Republican candidates in the Nov. 4 congressional election.

He quoted a report from the chairman of the Council of Economic Advisors, Dr. Raymond Sauminier, saying "personal income is at an alltime high and is continuing to rise. We can confidently expect further increases in jobs and in incomes as our economy expands."

In Wednesday night's speech, Eisenhower, continuing what might be called his own version of "give-em-hell" technique, accused the Democrats of spending too much money, trying to push into state and local affairs and of being divided to the point where they are "incapable of offering America anything except deadlocked government."

Demos "Bitterly Split"

Eisenhower said both Democrats and Republicans are united in a search for a peaceable world and a strong defense.

"But on matters domestic and nonmilitary," he said, "our political parties part company . . .

"Republicans practice efficiency and thrift. The dominant wing of the other party most assuredly does not.

"Republicans favor less federal intrusion into America's city and community life. The radicals stand exactly for the opposite.

"Republicanism is not sectional—not divided on social and fiscal grounds.

"Yet the opposition is so bitterly split as in fact to constitute two distinct parties, masquerading under one name. By virtue of its built-in antagonisms the opposition is incapable of offering America anything except deadlocked government."

In Wednesday night's speech, Eisenhower hit the same theme he sounded in California—where he first pinned the label "radical" on the Democrats and said they are dominated by leftwing elements.

Recession "Running Out"

Eisenhower stressed his view that economic conditions are getting better day-by-day.

"Great news indeed—for every family in America," he said. "Clear it is that the recession is now rapidly running out."

Referring to a Washington report on economic conditions, the President said labor's share of the national income is 6 per cent higher than in 1952, when he was elected president.

Eisenhower also claimed agricultural advances during his administration and said the total economic picture discredits those—meaning the Democrats who wanted him to take stronger action who "rushed to the wailing wall" when the recession began to manifest itself.

Turning to national defense, Eisenhower claimed that U.S. progress in long-range ballistic missiles has been "amazingly rapid" compared, he said, with a lag in the Truman days.

"The so-called missile gap of six years ago is speedily being filled."

In foreign policy, the President said, his administration has "a long record of success extending into every continent."

Eisenhower summed up this country's foreign policy, particularly with regard to the Formosa Strait dispute with the Communists, as:

"We are always ready to negotiate, never ready to appease."

Unique 12-Foot Balloon Satellite

This is the type of 12-foot aluminum plastic balloon scheduled to be rocketed into space by a Jupiter C missile at Cape Canaveral, Fla. Balloon will be in a three-foot artillery shell type of case seven inches in diameter atop the missile. At a predetermined altitude the balloon will pop out of bottom of case, inflate with nitrogen and go into orbit around the globe. This picture, showing the satellite inflated, was made at the Ames Aeronautical Laboratory, Moffett Field, Calif. **(AP Photofax)**

Army Rocket Blasts Aloft With 'Beacon'

Tricky Experiment Involves Inflation Of 12-Foot Bubble

CAPE CANAVERAL, Fla. (UPI)—The Army said Wednesday night signals from the Jupiter-C rocket failed 10 seconds before the second stage was to have fired and that "therefore it is unknown at the present time whether or not an orbit will be established."

CAPE CANAVERAL, Fla. (AP)—A powerful Jupiter-C rocket blasted aloft Wednesday night on the start of project "Beacon"—the Army's attempt to place a 12-foot balloon satellite in orbit.

The 69-foot rocket, nicknamed "Old Reliable" by its Army developers because of past performance, was away on the sixth Jupiter-C journey toward space. Complete success came on three of the five previous launchings.

In two hours the National Academy of Sciences in Washington was expected to announce whether the latest Army space bid was successful.

The shoot was unique in that an attempt would be made to free and inflate the balloon after a 50-inch long cylindrical case was fired into an orbit some 1,500 miles above the earth.

If everything went well, the United States would have the first satellite visible to the naked eye.

Even at maximum altitude, the 12-foot diameter balloon while reflecting the sun should be as bright as the stars in the Big Dipper. It will glow brighter as it descends toward earth in its orbit, and will be observable just before dawn and at twilight.

The 9¼-pound balloon, called Beacon by the sponsoring National Aeronautics and Space Administration, was made of a tough plastic called mylar with a thin coat of aluminum. If successful, it could float around the globe for a week or a little longer before dropping back into the earth's atmosphere.

During that time, scientists hope to track Beacon visually to learn more about the behavior of the varying density of the earth's atmosphere at extreme altitudes.

The balloon-equipped satellite and its propelling rocket vehicle comprise perhaps the most complex long-range missile ever fired from this testing ground. Four rocket stages had to fire in sequence before the satellite case, weighing 28.6 pounds, was finally hurled into orbit at an 1,800-mile-an-hour speed.

Then, when it had gone halfway around the earth, a tiny solid-fuel booster rocket in the nose of the satellite was to give the payload what missilemen call "a kick in the apogee." That meant it should boost the satellite far from the earth so that the apogee — the most distant point—of its elliptical orbit would be some 1,500 miles. The perigee—point in orbit nearest the earth—was expected to approximate 400 miles.

If all went according to plan, two other new satellite objects in addition to the balloon would be placed in orbit. They were the satellite case carrying a two-channel radio transmitter and the spent fourth-stage rocket.

Cuban Airliner Reported Taken Over By Rebels

HAVANA (UPI)—Three Cuban rebels captured a Cuban commercial airliner carrying 11 other persons on a flight over Oriente Province and forced its crew at pistol point to land near rebel headquarters in the Sierra Maestra Mountains, informed sources said Wednesday.

The rebels, posing as passengers, took over the Compania Cubana de Aviacion DC3 shortly after it took off at 8 a.m. Tuesday on a 15-minute flight from Cayo Mambi to Moa Bay, the sources said.

Tuesday, two Americans Charles R. Bennett, an engineer, and Kenneth D. Drewes, a machine shop foreman, were kidnaped by rebels from the Texas Oil Company refinery outside Santiago. Seven Cubans also were abducted.

Park Wollam, U.S. Consul at Santiago, has demanded release of the Americans.

The airline announced Wednesday only that the plane had "disappeared" after taking on three passengers at Cayo Mambi. It said a search of the Sea by Cuban and U.S. aircraft had proved fruitless.

The airline said bad weather was prevalent at the time the plane vanished and expressed the hope that it might have been "forced to land" in some isolated area.

Qualified sources said, however, that the three rebels at a prearranged signal had invaded the cockpit and forced the pilot, identified as Capt. Francisco Valleciergo, and two fellow crew members to veer toward the Sierra Maestra and land the plane at a rebel airfield.

There was no word on the fate of the other eight passengers and the three crew members but it was assumed they were being held prisoner by the rebels.

Red Heads For Home

TOKYO (AP) — Radio Peiping said Gen. Yang Yung, commander-in-chief of the Chinese Communist forces withdrawing from North Korea, left Wednesday for home.

The radio said the withdrawal of Chinese forces from North Korea will be completed soon.

City Will Spray Lavender Scent In Garbage Cans

LEVITTOWN, N. Y. (UPI) — Now there is a deodorant for entire cities. And Levittown is going to try it.

The Sanitation Department of this Long Island community plans to begin a civic deodorizing campaign soon. It will spray every garbage can in town regularly with a lavender scent—at a cost of about $1,000 a year.

76,565,504 Are Eligible, 48,131,226 Vote Forecast

WASHINGTON (AP)—A total of 76,565,504 voters are qualified to ballot in the Nov. 4 elections, according to official and unofficial estimates.

These sources predict a probable vote of 48,131,226.

Both figures, if borne out, would be records for a mid-term election. They contradict in some degree widespread reports of disinterest in the election of the fourth Congress of the Eisenhower administration.

The tabulations are based on estimates and some official figures gathered by The Associated Press from state officials, party chairmen, and in some instances political writers.

The estimated registration is an increase of 1,686,358 over 1954, the previous record for a mid-term election.

It includes an official registration of 6,769,904 in New York State, made public Tuesday night. This is a record for a nonpresidential year in the Empire State. It is believed to reflect unusual interest in the lively Harriman-Rockefeller gubernatorial battle.

The estimated vote of 48,131,226 includes the 284,226 already officially recorded in the senatorial election in Maine on Sept. 8. It represents a gain of more than 3½ million over the previous highest mid-term vote in 1954 and would be almost 63 per cent of the estimated registration.

The total registration estimate for the country compares with a Census Bureau estimate of 104,600,000 potential voters—citizens 21 years of age and over in most states, 18 and over in Georgia and Kentucky. The potential vote increased 4,377,000 over 1954.

Butler Assails 'Smear' Tactics Of Republicans

WASHINGTON (UPI) — Democratic National Chairman Paul M. Butler accused President Eisenhower and other Republican leaders Wednesday of resorting to "smears" and "name-calling" to win votes in the Nov. 4 elections.

Butler told a National Press Club lunch gathering that the campaign had been "getting louder and uglier to the point where it is time to call a halt."

"We are angry at the smears which have been levelled against us," he said. "We are indignant over the name-calling. We are going to fight back hard and clear with redoubled vigor."

With the 1958 elections less than two weeks away, both parties relied on their big guns to win votes.

The President, in Chicago for a nationwide political telecast, told a group of Republican women the nation would achieve unparalleled prosperity and even human flight in space provided the government does not fall - under the control of Democratic "radicals."

The White House, meantime, accused former President Truman of an attempt at "political rewriting of history" in his charge Tuesday night that Eisenhower "surrendered to the Communists" in Korea after his election in 1952.

Press Secretary James C. Hagerty said Truman "knows better than that." He said the former President "is going to have a hard time selling" such a statement to the American voters.

For his part, Truman said in Wilmington, Del., that the administration's foreign policy was one of "blunder, bluster and brink of war." He also accused Vice President Richard M. Nixon of trying to help the Republicans with "verbal garbage."

Last Combat Troops To Leave Lebanon

BEIRUT, Lebanon (UPI) — The last American combat troops rushed to Lebanon last summer to block a threatened revolt will be withdrawn by air Thursday.

The departure of the last paratrooper units of the 24th Airborne Infantry Brigade will mark virtual completion of the American removal. Only about 1,000 support troops and staff members will remain of the approximately 14,000 U.S. Marines and soldiers who landed here at the request of the Lebanese government after the revolt in Iraq.

The final 1,000 Americans were expected to leave the country by ship this week end.

Flier Leaves Alaska Bound For New York

JUNEAU, Alaska (AP) — Distance flier Charles Banfe Jr. set out again Wednesday on what he hoped would be a 25-hour 10-minute nonstop flight from the Alaska capital to New York's Idlewild Airport.

The 39-year-old pilot lifted his Mooney Mark 20A plane from Juneau's Municipal Airport on a course over Seattle, about 1,000 miles southeast of Juneau. From there, he planned to turn eastward for New York.

Banfe, a commercial airlines pilot who lives in Palo Alto, Calif., was forced down at Cordova, Alaska, last Friday less than halfway on a planned 7,022 - mile flight from Tokyo to Miami.

Pittsburgh Hotel Strike Settled

PITTSBURGH (UPI)—A major hotel strike was settled Wednesday night when some 2,300 union members accepted a management proposal guaranteeing pay increases and pension benefits under a three-year contract.

The workers walked out Oct. 1 from five hotels to support their demands for contract improvements. The walkout had curtailed hotel service and forced cancellation of several large conventions.

Affected were the Penn-Sheraton, Sherwyn, Roosevelt, Pittsburgher and Webster Hall Hotels.

American Held In E. Germany

BERLIN (UPI) — East German Communists held an American tourist captive Wednesday in an apparent new bid to force U.S. diplomatic recognition of the Soviet Zone government.

The U.S. State Department mission here announced that George S. Milroy, 29, of Ann Arbor, Mich. had been arrested last Friday while driving through East Germany en route from Copenhagen to West Berlin.

The Communists accused Milroy with illegally photographing a Soviet military installation, U.S. officials said. Milroy denied the charge.

The State Department office here demanded Milroy's release in a note to the Soviet political adviser in East Berlin, but received no reply.

An East German Foreign Office spokesman said the incident was outside Soviet jurisdiction.

Hungary Bars Cardinal From Papal Election

VIENNA (AP)—Red-ruled Hungary has rejected an American request to let Josef Cardinal Mindszenty go to Vatican City for the papal election.

The disclosure Wednesday night by U.S. Charge d'Affaires Garret Ackerson at Budapest said the U.S. government asked for safe conduct for the cardinal through Hungary.

He took asylum in the Budapest embassy during the 1956 Hungarian revolt and has been there ever since.

Secretary of State Dulles, now on Formosa, attended final rites for the late Pope Pius XII at the Vatican last Sunday as one of President Eisenhower's three personal representatives. Dulles presumably interceded for Cardinal Mindszenty.

Budapest Radio said the Cardinal had been deemed a traitor and said the American appeal was a fresh attempt to interfere in Hungarian internal affairs.

Ackerson said the Hungarian Communist Foreign Ministry handed him a note branding as "gross interference in Hungarian domestic affairs" the American request for safe conduct for the cardinal to attend the conclave of cardinals to elect a new pope.

The U.S. government made the request on behalf of the Vatican.

The Hungarian note stated: "Permission for Josef Mindszenty to leave the country, remission of his sentence or its suspension are entirely internal matters for Hungary which cannot constitute a proper subject for any Hungarian-American negotiations."

U.S. Fires Three Nuclear Shots In 11-Hour Period

ATOMIC TEST SITE, Nev. — The United States fired three nuclear devices within 11 hours Wednesday in a weapons program now being completed both in the air and underground on the Nevada test site.

A shot nicknamed Rushmore flared at 7:40 p.m. e.d.t. finishing an unprecedented triple-header in a single day as the Atomic Energy Commission's scientists speeded up experiments with full-scale nuclear blasts. All three detonations burst from balloons tethered over Yucca and Frenchman flats—the first time in history that so many have been set off in this manner by Americans.

Earlier, Devive Socorro had gone off in a predawn darkness, lighting the western sky for an estimated 600 miles from Southern California through Arizona, Utah and Nevada.

A fireball with a force of 10,000 tons of TNT swirled dust that partially obscured results on the flatlands of a lesser blast called Wrangell.

Then came Rushmore, the windup of a busy day for the AEC. Its explosive yield was in the one to two kiloton range, emphasizing an effort to hold testing to a controlled minimum for nuclear devices.

None of the tests was relatively large on the nominal scale of 20,000 tons of high explosive set for the Hiroshima bomb in World War II.

AEC officials said, however, that Socorro and Wrangell, the 10th and 11th full-scale detonations of the current series, marked the shortest interval between major shots on American soil.

Military Plane Crashes In Pa., Killing Six Men

NEW CUMBERLAND, Pa., (UPI)—An Air Force transport plane crashed near the top of a ridge during a driving rain near here Wednesday, killing the six military personnel aboard.

Reports from the scene indicated the C47 cargo plane narrowly missed clearing the ridge on a flight from the Perrin Air Force Base near Sherman, Tex., to Olmsted Air Force Base at nearby Middletown.

The plane, carrying two pilots, two other crewmen and two military passengers, hit some trees near the top of the ridge in a desolate spot only about three miles from its destination and cut a swath about 100 yards wide before it crashed and burned in a gully.

The Air Force listed the crew of the plane as follows: Capt. E. D. Kossick, pilot, Struthers, Ohio; 1st Lt. J. O. McMichael, Cotton Valley, La. A-SC William C. Bailey, engineer, Williamston, N. C.; Lt. Col. J. F. Tracy, navigator, Worcester, Mass., and the two passengers, S-Sgt. C. D. Jolley, Buzzards Bay, Mass., and M-Sgt. S. W. Christain, New Haven, Conn.

Fight To Keep Space Experts, Facilities Launched By Army

WASHINGTON (AP) — Army missile leaders rose up in open protest Wednesday against the proposal that the new civilian space agency take over most of the Army's team of space-missile scientists.

The Army counterattack was launched at the annual convention of the U.S. Army Assn., composed of active and reserve officers and representatives of military industry.

Heretofore, the Army leaders had been timid in voicing their feelings on the issue of surrendering their top men and much of their facilities for missile-space work.

But now these officers, fortified by strong resolutions adopted by the convention, used such words as "disastrous" and "fatal" in describing proposals by the new civilian space administration.

Lt. Gen. Arthur Trudeau, Army chief of research and development, was one high-ranking critic of the proposals made by civilian space administrator Keith Glennan.

Trudeau said a breakup of the Army's space-missile team—including more than 100 German-born scientists—could result in the nation paying a price, and paying it soon, in defense against aggression from space.

Maj. Gen. John B. Medaris, the Army's missile boss, put it more bluntly, saying the proposal to split the Army's strictly space work from its military missile development could "obviously be a fatal thing."

The Army association resolutions urged President Eisenhower to maintain the Army Ordnance Missile Command which has its headquarters at Redstone Arsenal, Huntsville, Ala.

The resolutions called for continued work by this Army group in "advancing the space capabilities of the nation and in developing essential military missiles."

The Army got the word of the impending proposal to surrender its major space and missile work about 10 days ago. Dr. Glennan, who became director of the new National Aeronautics and Space Administration made his request verbally to Army Secretary Wilber Brucker. This approach was made directly to the Army with the knowledge of the Defense Department and the White House.

Officials said Glennan had asked for about 2,100 missile scientists and engineers employed at Redstone Arsenal and the entire facilities and personnel of the Army's Jet Propulsion Laboratory at Los Angeles.

Last Wednesday, Eisenhower told his news conference that the final decision will be his, and it may not come for some time.

Trudeau said Wednesday the decision might be reached at a meeting of the President's space council on Oct. 28.

Two Cop Fighters Barred From Resort

SNOW HILL, Md. (AP) — Two men who got into a fight with police in Ocean City Memorial Day have been barred from the seashore resort for five years.

Judge E. McMaster Duer, hearing an appeal of the case in Wicomico County Circuit Court, also imposed five-year suspended sentences on the pair charged with assaulting law enforcement officers.

They are Joseph W. Butts, 23, and Raymond M. Bartel, 24, both of Baltimore. The Circuit Court jury convicted them Monday night of resisting arrest and assault.

Earlier, each had been fined $500 and costs and sentenced to four months in jail by Magistrate James B. Robins.

Sheriff's deputies Kenneth Tyler and Robert McIntyre said the trouble began when Tyler tried to arrest Butts for kicking at a fence.

Boy, 2, Rescued From 11-Foot Pit

MAGNOLIA, Ark. (UPI) — About 50 volunteer workers, digging frantically, rescued a two-year-old boy from an 11-foot-deep hole he had fallen into Wednesday.

The lad, Johnny Carmichael, was more indignant than he was scared. The rescue took slightly more than three hours.

He was given a quick checkup by a doctor on the scene, then rushed to a nearby hospital for a more detailed examinaton, but he appeared unhurt.

Johnny fell into a hole which had been dug for a foundation for a lightning rod, to protect huge oil storage tanks at the pumping station.

Work in the oil fields nearby came to an almost complete stop when word spread that he was trapped in the hole.

About 150 persons watched the workers as they dug a hole about 28 feet away from the one in which the boy fell in.

Oxygen was pumped to the youth throughout this time in the 12-inch wide cylindrical prison.

Casino Owners Plan High Court Appeal

BALTIMORE (AP)—Maryland's attorney general sent out an order Wednesday to shut down six Potomac River gambling casinos but the whirring of the slot machines won't be stopped without a further fight.

Casino owners were preparing to petition Chief Justice Earl Warren to allow them to stay in business until they can appeal the Maryland decision to the U. S. Supreme Court.

If the Supreme Court decides against getting into the case the casino operators will have hit the jackpot — in reverse. The high court is their last hope for keeping in operation casinos on the Virginia side of the Maryland-owned Potomac.

The order that went out from Atty. Gen. C. Ferdinand Sybert will be effective when signed by Chief Judge John B. Gray of the Seventh Judicial Circuit.

230 Little Rock Students End Scholastic Idleness

LITTLE ROCK, Ark. (UPI) — The superintendent of Little Rock's private, segregated schools expressed satisfaction Wednesday with the first day of classes.

"Everything's going fine and according to schedule," said W.C. Brashears as more than 230 students from the city's three white high schools ended eight weeks of scholastic idleness.

Gov. Orval E. Faubus had prevented opening of the public high schools on an integrated basis. He accused the federal government and the National Assn. for the Advancement of Colored People of keeping the schools closed.

Dr. J.W. Cady, principal of a high school whose classes are to be conducted in three Baptist churches, said the system included 485 students as of Wednesday. The school starts classes Monday.

Cady said he had been talking with the State Department of Education to learn the requirements for a Class "A" school.

"I feel sure that we will meet accreditation requirements," he said.

The Baptist school opened a bank account Wednesday to receive contributions, he said, but much of the money already donated is at Ouachita Baptist College, in Arkadelphia, Ark., which is sponsoring the school.

Soaking Rain Falls Throughout State

BALTIMORE (AP) — The first statewide rainfall since October 1 fell on Maryland Wednesday. But the Weather Bureau said the rain and strong winds were not due to any tropical hurricane; just a plain old northeaster.

More than an inch of rain was recorded at Friendship International Airport outside of Baltimore and Salisbury received 1.39 inches of rain in a six-hour period which ended at 2 p. m.

Easton reported 1.19 inches of rain; Conowingo 1.18; Cumberland .75; and Frederick .64. Southern Maryland and the Washington area had the lightest fall — about less than half an inch.

Winds in the Baltimore area were about 25 miles an hour.

In the lower Chesapeake Bay, they ranged up to 40 miles an hour and tides two feet above normal were reported.

Hungary Observes Bloody Anniversary

NEW YORK (UPI)—The Hungarian nation Thursday observes a bloody anniversary with despair for the future and no hope for freedom.

Two years ago, the Hungarian people rose against Communist oppression. The revolution was crushed by Soviet tanks and jet fighters.

Today the Kremlin-installed regime of Premier Ference Muennich and party secretary Janos Kadar has succeeded in establishing an even more cruel police regime than before the 1956 revolt.

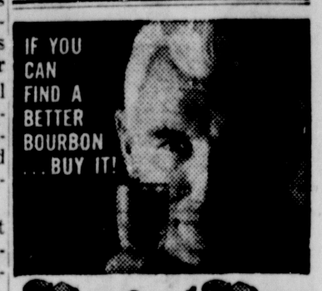

The regime has taken all necessary steps to prevent demonstrations of sympathy.

Reports from Hungary say that more than 2,000 persons have been executed by the regime for their participation in the revolution. Among them were former Premier Imre Nagy and the nation's hero Gen. Pal Maleter who commanded the rebel forces in the legendary Kilian Barracks battle in downtown Budapest.

The "Stalinist" group seeks more influence in the government and party hierarchy. It is headed by First Deputy Premier and Politburo member Antal Apro. Another top Stalinist, ex-Premier Andras Hegedues, recently returned from Russia and was given a party post in Budapest.

Sources in Vienna also say that Kadar clashed with Premier Muennich over the sentencing of Imre Nagy. Kadar reportedly opposed the death sentences pronounced in the Nagy trial which were approved by Moscow and supported by Muennich.

Western experts therefore speculated that Kadar's days in office may be numbered. They believe that a major government and party shakeup may follow the Nov. 16th Hungarian "general elections."

Harriman And Rockefeller Shatter Myth Great Wealth Crushing Burden In Politics

By ARTHUR EDSON

WASHINGTON (AP)—This election campaign has shattered one political myth: That a candidate, laden with great riches, will find his enormous wealth a crushing burden if he tries to tote it to high office.

Here are Averell Harriman (D) and Nelson Rockefeller (R) jousting to become governor of New York. Although there may be arguments over the extent of their riches, it's agreed that the loser isn't likely to wind up dependent on a relief check.

Nor is this all.

New York is such a large and powerful state its governor always gets serious consideration at national nominating conventions. Harriman has gotten such consideration in the past. Rockefeller, if he wins, is certain to have enthusiastic backing for the GOP presidential nomination in 1960.

All of which may cause some revising of political handbooks.

As recently as 1940 the English observer, Harold J. Laski, was insisting that, politically speaking, the big business man didn't have a chance.

"The small (business) man can not hope to afford the risks of a political career," Laski said in his book, "The American presidency."

"The great one, a Rockefeller, a Vanderbilt, even an Owen D. Young, would not be an 'available' candidate simply because he would arouse the suspicion that the party which nominated him was in bondage to the money-power."

No, Laski concluded, the big money man would have to be content to work behind scenes, pulling the political wires, never venturing out front as a candidate.

Well, politics is a curious profession, so it's hardly surprising that a lot of curious ideas should arise over what bait we voters will go for.

At one time, for example, log cabins seems to have a special charm, or at least politicians thought they had.

Rep. George Long (D-La), who died not too long after preparing his biography for the 1958 edition of the "congressional Directory," began his note this way:

"George Shannon Long, Democrat, of Pineville, La.: born Sept. 11, 1883, 7 miles south of Winnfield on a small farm in a log cabin . . . ."

It isn't clear just what it was about log cabins that made those born in them men of political distinction. But certainly the log cabin boys, once they started running for office, made a great fuss over it. Yet even the log cabin seems overrated as a vote getter.

George Stimpson liked to run down little known facts, especially political facts. He once made a study of log cabin births among our presidents.

He found that four were born in one-room log cabins: Millard Fillmore, James Buchanan, Abraham Lincoln, and Chester A. Arthur. Two others, Andrew Jackson and Thomas Jefferson, probably were born in log structures.

But even if you count the probables, they are outnumbered by George Washington, James Madison, William Henry Harrison, John Tyler, Benjamin Harrison, William Howard Taft, and the two Roosevelts.

"Born in mansions," Stimpson said.

Youth, TV 'Zombie,' Gets Medical Tests

WIMBLEDON, England (UPI)—Magistrates Tuesday ordered a complete physical and psychological checkup for a 16-year-old boy who was described as a television "zombie."

The boy was brought into court two weeks ago by his father who said he was beyond control. He was advised by a specialist to get a job or go to a hospital.

The father said he tried shoving the lad out of bed "but he just gets back."

The boy refused to leave the house, stayed in bed late and apparently was consuming large quantities of headache pills, the father said. He had watched television for hours at a time since last February, the father said.

Alpha Alpha Chapter Plan Parties, Selects Project

Plans for two dinners were formulated and a project was selected at the meeting of Alpha Alpha Chapter, Beta Sigma Phi which was held Tuesday evening at the home of Mrs. Virginia Plummer, Cumberland Street.

A progressive dinner honoring the pledges will be held November 9. Hostesses will be Mrs. Betty Frye, 902 Harding Avenue; Mrs. Imogene Hixson, 802 Shades Lane; and Miss Betty Stegmaier, Christie Road.

A dinner for the membership also was planned. It will be held at Clary Club on November 15.

As the chapter's project for the year, it was decided to sponsor a high school girl for the year.

For the cultural program Miss Betty Stegmaier showed films of her recent trip to Mexico.

According to the tradition of the chapter, Miss Maureen Manley presented the group with a box of candy following the announcement of her engagement. The daughter of Mr. and Mrs. John F. Manley, Frostburg, Miss Manley will become the bride of Bernard Spearman, son of Mrs. Francis X. Spearman, also of Frostburg, and the late Mr. Spearman, in June. The bride-elect a graduate of Frostburg State Teachers College is a member of the faculty of Allegany High School. Her fiance is a graduate of LaSalle College, Philadelphia, and is employed by Allegany Ballistics Laboratory.

Mrs. Deloris Hopwood announced she would be on the inactive list beginning November 1, as she and her husband, Kenneth, who has been ill, are moving to Florida.

The next meeting will be held at the home of Mrs. Jane O'Rourke, Braddock Road, November 18.

Others present were Mrs. Katherine Samson, Miss Janet Stegmaier, Miss Betty Stegmaier, Mrs. Eleanor Devore, Mrs. Genevieve Poorbaugh, Mrs. Elaine Diehl, Mrs. Hixson, Mrs. Virginia Topper, Mrs. Betty Barnes, Mrs. Phyllis Cooley, Mrs. Frye, Mrs. O'Rourke, Mrs. Kathleen Helker and Mrs. Lucy Balsley.

Mrs. Deal, T. F. Hannon Win Game

Mrs. Mary Deal and Thomas F. Hannon with a score of 103½ topped the field of the Potomac Valley Bridge Club in the fractional game held Tuesday evening at the Woman's Civic Club house. Second in the east-west play were Miss Loretto Hannon and Mrs. Lloyd Trimmier, with 98; third, Mrs. Joseph Wood and C. C. DeHaven with 82½.

North-south winners were Mrs. Russell Bortz, Miss Alice Stakem, 98½; John Wilkinson, Morton Peskin, 95; Mrs. Milton Gerson and Mrs. Madeline Mewshaw, 93.

LaSalle Mothers To Have Breakfast Sunday

Brother David Peter, FSC, MA, assistant superior of West Philadelphia High School for Boys Brothers Community, will be the speaker at the annual communion breakfast of the LaSalle Mothers Club Sunday. It will be held in the social center following the 8:30 mass celebrated by Rt. Rev. Msgr. J. Lawrence Kilkenny, pastor and rural dean.

Today is the deadline for reservations, which are to be made with Mrs. Elizabeth Vocke, PA 2-5616 or Mrs. Raphael Firlie, PA 4-0673. Mrs. Valentine DeArcangelis and Mrs. John H. Stitcher are cochairmen of arrangements. They are being assisted by Mrs. Anthony Yockus, Mrs. Raymond O'Rourke and the seniors.

Mr. and Mrs. H. W. Critchfield, 626 Hill Top Drive, have returned home after spending the weekend with their brother-in-law, W. R. Forney, Cleveland, Ohio.

A record keeping training meeting and 4-H Girls' Trail meeting will be held at 10 a.m. November 1 in the extension office at the Court House.

The Ladies Auxiliary of the LaVale Volunteer Fire Department will meet tomorrow evening at 8 at the fire hall.

CLASS HAS REUNION — The Class of 1956 of Memorial Hospital School of Nursing held a reunion in the form of a dinner recently at Moon's Dining Room. Mrs. Gladys Brooks, director of nurses, was honor guest. Seated left to right are Miss Jeanie Lohn, Miss Juanita Nightingale, Miss Barbara Haan, Miss Joan DeWitt, Miss Margaret Meyer, Miss Patricia Grindle, Miss Mildred Miller. Standing are Miss Norma Haines, Miss Mary Jane Rhodes, Miss Mary Reuschel, Miss Charlene Burt, Miss Nellie Ann Woods, Miss Ellen Stevenson, Miss Jo Ellen Graham, Miss Beverly Herbert, Miss Nancy McCulloh, Miss Joann Peebles and Miss Lynn Knotts.

Club Elects

Janice Horton was elected president of the Cresaptown 4-H Club at the meeting held at the home of Sheila and Donna Simpson. Other officers are Carol Long, vice president; Carolyn Walker, secretary; Jane Triplet, assistant; Linda Broadwater, treasurer; Lois Brenneman, assistant; Karen Phillips, chaplain and Linda Clayton, assistant.

Meetings were changed to the third Tuesday of each month. Plans were made for an achievement exhibit at the meeting November 20, which will be at the home of Karen Phillips.

Subdistrict Workshop To Be In Parsons Nov. 8

A workshop and festival were discussed at the annual meeting of the Wesley-Asbury Subdistrict held at Grantsville Methodist Church. Miss Faith Grendle presided.

Activities discussed were the Christian Witness workshop, which is to be held at Parsons, W. Va., on November 8. Miss Judy Markley and Miss Linda Parker were named representatives from the Sub-District.

The next meeting will be the Booth Festival, at Burlington, W. Va., November 10 at 7 o'clock, EST.

"United Clothing Appeal" was the theme for the program preceding the meeting. Miss Rebecca Renwick was the narrator. The Scripture was read by Miss Janice Hetz. Talks were given, with Miss Donna Mayer speaking on "United Clothing Appeal"; Miss Carolyn Winebrenner, "The Need for Clothing"; Miss Joanne Durst, "Clothing Needed and Not Needed." Rev. John McGraw spoke briefly and led the group in prayer. The program concluded with the MYF benediction.

Group Will Study Africa

The International Relations Group of Cumberland Branch American Association of University Women will have a discussion on Africa Saturday in preparation for the November program of the group.

The meeting will be held at 1:30 at the home of Miss Lillian C. Myers, 514 Washington Street. Preceding the discussion, which will be led by Miss Janet Anderson, group chairman dessert and coffee will be served.

Edith Nixon Is Installed Queen Of Sisterhood 284

Potomac Sisterhood No. 284, Dames of Malta, held its installation of officers recently in the Knights of Malta hall, Prospect Square. The installation was conducted by Mrs. Idella Stevens, of Frostburg, deputy sovereign protector. Mrs. Edith Nixon was inducted as Queen Esther.

Others assisting Mrs. Stevens were Mrs. Elsie Lehr, Mrs. Maggie Brady as sovereign color bearers; Mrs. Caroline Gulbronson and Mrs. Grace Kolb, sovereign flower girls; Mrs. Ethel Dyer, sovereign marshal. Others on the team were Mrs. Dessel Shanholtzer, Mrs. Carrie Gephart, Mrs. Elizabeth Foster, Mrs. Lulu Isner, Mrs. Mabel Schaub, Mrs. Gertie Wilkes, Mrs. Lucressia Emerick, Mrs. Mabel Wade, Mrs. Ruth Myers, Mrs. Lucille Bartlett, Mrs. Ada Keady, Mrs. Elda Schell, Mrs. Zellah Habel. Mrs. June Decker was crown bearer for her mother, Mrs. Nixon.

Officers installed were Mrs. Mounsey Smoak, protector; Mrs. Nixon, Queen Esther; Mrs. Dale Clingerman, Ruth; Mrs. Mary Baker, Naomi; Mrs. June Dicken, herald; Mrs. Anna Diehl, deputy herald; Mrs. Martha Weller, Mrs. Nina Murphy, color bearers; Mrs. Mae Copeland, bursar; Mrs. Viola Hudson, keeper of archives; Mrs. Agnes Baker, assistant keeper of archives; Mrs. Carrie Gephart, Mrs. Edith Emerick, messengers; Mrs. Valley Varner, Mrs. Helen Timbrook, guards; Mrs. Halley Spangler, pianist; Mrs. Margaret Brotemarkle, 18 month trustee; Mrs. Mae Copeland, funeral captain; Mrs. Zellah Habel, degree team captain.

The queen appointed her committees. They are Mrs. Brotemarkle, refreshment chairman, assisted by Mrs. Smoak, Mrs. Florence House, Mrs. Diehl, Mrs. Hudson, Mrs. Schaub, Mrs. Clingerman and Mrs. Murphy; Mrs. Habel, chairman of Ways and Means, with Mrs. Isner, Mrs. Kolb, Mrs. Agnes Baker, Mrs. Gulbronson and Mrs. Mary Baker assisting.

Gifts were presented to the queen, after which refreshments were served by Mrs. Brotemarkle and her committee.

Memorial Service Is Held

A memorial service for Mrs. Gertrude Wise was held at the meeting of Owls Nest 2180 Auxiliary, with Mrs. Ellen Shaffer presiding.

Final plans were made for the Halloween party to be held October 31. It will begin at 8:30. Prizes will be awarded about 9:15 for the most comical and the best dressed woman. Dancing will feature the entertainment and refreshments are to be served.

It was announced that there are a few Christmas and all-occasion cards for sale at the Owls home.

The prize for the evening, donated by Mrs. Alice Elkins, was won by Mrs. Marie Teter. Ten members attended. The next meeting will be November 7.

A turkey supper will be held at the Centerville Methodist Church tonight at 5:30 EDT.

Welfare Group Chairmen Appointed

The meeting hour was changed and Mrs. James Kirk appointed her chairmen at the first meeting of the season of the Welfare Group of the Woman's Civic Club, which was held yesterday at the club house.

Plans were formulated to take treats to the patients at the County Home and Sylvan Retreat October 31 and for Christmas.

It was decided that the meeting December 8 will begin at 12 o'clock, rather than at 1:30.

Chairmen appointed are Mrs. W. I. Burton, secretary; Mrs. John S. Cook Sr., publicity; Mrs. G. Frank Malin, Mrs. Ira Vandegrift, Mrs. Donald Smith, Miss Winnie Harper, telephone committee; Mrs. John Ort, scrapbook; and Mrs. Louis Lippold, stamp chairman.

Fourteen members attended. Mrs. Kirk and Mrs. Ort were hostesses for the afternoon.

Two Men Die When Train Strikes Auto At Crossing

BOWIE, Md. (AP)—The bodies of two men were hurled 250 feet Wednesday when a Pennsylvania Railroad train struck their car at a grade crossing during a heavy rain.

Two hours after the crash investigators were still trying to find the station wagon's engine.

Killed were Milledge Tillman, 46, the driver, and Floyd Bonner, 35, both Negroes of Bowie.

Police said it took nearly a mile for the 19-car New York-bound train to stop. They said the car came to a rest 256 feet from the Jerico Road crossing.

Eight trains scheduled between Baltimore and Washington were delayed up to 30 minutes.

The men were enroute to Washington where Tillman, father of one child, worked as a plasterer and Bonner, father of six, worked in the Government Printing Office.

A railroad spokesman said the crossing is protected by a standard stop-look-and-listen sign.

The whale, though a descendant of land animals that were hairy and four-legged, has a naked skin except for a few scattered hairs on the head. The only traces of hind limbs are a few tiny bones hidden at the base of its powerful tail.

Gov. McKeldin Would Accept Federal Post

BALTIMORE (AP) — Gov. McKeldin, basking in compliments directed his way by Vice President Nixon, said Wednesday he'd accept a federal appointment if it was offered.

"I could not in good conscience refuse to serve," the governor said.

His remarks came after Nixon, in Baltimore for a Republican rally, termed the governor "one of the best vote-getters the Republican party has" and indicated a federal post would be available for McKeldin next year when the governor leaves office.

"I have spent my whole life in public service," the governor commented Wednesday.

"If it were felt by those in authority in federal service that my services could be useful, I could not in good conscience refuse.

"And I would, of course, be grateful for the opportunity to serve on a larger scale."

McKeldin also has indicated he may run for mayor of Baltimore next year.

The average person who attends a convention spends approximately $94 in the convention city, according to the American Hotel association.

Vanderhoof Quits 5th District Race

BLADENSBURG, Md. (AP) — Frank M. Vanderhoof has withdrawn as an independent candidate for Congress from Maryland's Fifth District.

Vanderhoof, a Bladensburg attorney, had campaigned on a world peace plan. He was defeated in the Republican primary in May by Robert E. Ennis. Subsequently he announced he would campaign for write-in votes.

He said he decided to withdraw because of difficulty in obtaining speaking engagements, fair news coverage, and radio and TV time.

Navy Man Found Shot, Gun At Side

LEXINGTON PARK, Md. (AP) —Arious Merrill Burnham, 28-year-old Navy man from Bountiful, Utah and father of three children, was found shot to death Wednesday at the Patuxent River Naval Air Station, Navy authorities said.

A shotgun was near the body. The FBI and Navy security police were continuing an investigation.

Burnham was an air controlman in the operations section of the Navy base.

His wife, Roberta Lee, and their three children, Annette, 7; Pamela 5, and Allan, 2 lived with him here.

Bids Opened On Two Highway Projects

BALTIMORE (AP) — The State Roads Commission said Wednesday the Regal Construction Co. Inc. of Upper Marlboro submitted a low bid of $156,770 for work on a section of the John Hanson highway in Prince Georges County.

Six bids were received on the project, which calls for preliminary grading and drainage of a section of the road in the area between the Washington Circumferential Highway and Ardwick Road.

A low bid of $847,525.50 was submitted by the Williams Construction Co. Inc. of Middle River for grading, drainage, surfacing and relocation of Maryland 165 for 4.209 miles from 1.13 miles southwest of Pylesville, Harford County, to the Pennsylvania state line.

Harvard university was named in honor of John Harvard, who left his money and library to the school.

Sandy Point Prison Camp Plan Has Strong Support

BALTIMORE (AP)—A plan to expand the prison camp at Sandy Point State Park has the support of Gov. McKeldin, the State Planning Commission and the Maryland Self - Survey Commission, Maryland's top prison official said Wednesday.

James W Curran, superintendent of prisons, said the project is needed to relieve overcrowding at the House of Correction and State Penitentiary.

He said he is seeking Board of Public Works approval of a resolution formally assigning the prison camp site to his department.

Curran spoke in reply to a charge by Joseph F. Taylor, director of forests and parks, who said Tuesday the project is "inconsistent with good park practices."

Kaylor said the plan to expand the prison camp threatens to destroy the entire State park and recreation program.

The project calls for conversion of the camp's temporary quarters to permanent ones. McKeldin personally approved this plan, Curran said. He said the approval came at a meeting attended by himself, Enos Stockbridge, chairman of the Board of Correction; Joseph Meyerhoff, head of the Planning Commission; James G. Rennie, top State budget official, and other officials.

Kaylor also was present at this meeting, Curran said, and actually approved the expansion plan in principle although he disagreed on the exact location of the camp within Sandy Point State Park.

Family Problem

TOLEDO, Ohio (AP) — James Brooks knows now why police kept summoning him to traffic court. His brother, Leonard, admitted in municipal court that he gave James' name four times when he was arrested for traffic offenses. Brother Leonard finally paid the fines.

INSPECTS PLANE WRECKAGE — An Air Force officer inspects the large tail section of an Air Force C47 that crashed and exploded on a mountain south of Harrisburg, Pa., yesterday, killing six Air Force personnel. Bomarcs Simultaneously 'Down' 2 Planes

WASHINGTON (UPI) — Two Air Force Bomarc interceptor missiles simultaneously "shot down" two unmanned B17 bombers Tuesday in a test controlled from a point about 1,500 miles away, it was announced Wednesday.

The Air Force said the test was the first successful multiple firing of the 250-mile range ground-to-air missiles which were designed to defend U.S. cities.

One defense official said the test was to prove that the sage-Bomarc team could seek out and destroy simultaneously more than one target in an approaching bomber force. An Army Nike air defense unit, a rival of the Bomarc, can control only one missile at a time.

About ten million convention guests visit hotels to attend 18 thousand meetings each year.

Fires in the United States every year take a toll of more than 10 thousand lives.

Four Young Pranksters Charged In $20,000 Fire

WESTMINSTER, Md. (AP)—Four Carroll County youngsters were charged with arson Wednesday in connection with a premature Halloween prank which resulted in fire damages estimated at $20,000.

The four, aged 16 and 17, were charged in Juvenile Court before Chief Judge James E. Boylan Jr. of Carroll County Circuit Court. No date for a trial has been set.

The four juveniles are Louis William Shifflett, LeRoy Thomas Smith, Leo David Foreman and Claude Samuel Bowers, all of nearby Taneytown.

Judge Boylan set bond at $2,500 for Foreman and Bowers. The other two were ordered held without bond.

State Trooper George Wachter apprehended the boys Tuesday after a fire destroyed a large barn at the farm of Leonard Long near Harney.

State Police said the pranksters set fire to a straw rack on the farm at 2:30 a. m. Tuesday. The flames spread rapidly across the field and set fire to the barn. Long also lost his grain, hay and farm machinery, although he managed to save his cattle.

Odds Against Khrushchev In Crusade Against Drunkenness

By THOMAS P. WHITNEY
AP Foreign News Analyst

In proclaiming a Kremlin crusade against drunkenness Nikita Khrushchev may have bitten off more than even he can chew.

If he really succeeds in making it more difficult for Russian tipplers he may win the gratitude of many a wife and mother. But it's not exactly the way to win a popularity contest among Russian men.

Drunkenness is an ancient and stubborn evil in Russia. Many a ruler has tried to do something about it. Czar Nicholas II proclaimed prohibition at the beginning of World War I to prevent drunkenness in wartime among troops and civilians. The results were disastrous.

State revenues from vodka disappeared at precisely the time they were needed the most. The peasants grew rich and fat as moonshining became a national occupation. Inflation spiraled, in part as a result of this situation, and helped cause the revolution.

One of the difficulties is that every government has a financial stake in liquor. The Soviet government gets probably over a tenth of its state revenues from its liquor business.

In recent years spending on liquor has increased.

For centuries Russian men have elevated drinking into a virtually compulsory rite. It's a national custom to drink in order to get drunk.

Perhaps one root of drunkenness in the Soviet Union is the bleakness, coldness and particularly the drabness of the country.

There's a legend that an ancient pagan czar in casting about for a religion for his people investigated the possibility of conversion to Islam but rejected the idea when he discovered that Moslems are forbidden to use intoxicating liquors.

It is said he declared emphatically: "Without vodka it is impossible to live in Russia."

Khrushchev perhaps will succeed where others have failed. But it will be a long hard fight to separate the Russian soul from vodka. Khrushchev himself should know. Western diplomats who know him say the Communist chieftain is in no sense a drunk but he's frequently been seen at official and semiofficial functions using the stuff himself—and not always with perfect moderation.

The Older Generation

HOBOKEN, N. J. (AP)—Prof Gustave G. Freygang of Stevens Institute of Technology tells this one about college student tactics of 50 years ago:

One teacher used to spring tests without warning. Students noted that when he did, he carried a small black book, which presumably held the examination questions.

Each time the professor would appear with the book, selected students "trapped" him with a rapid question-answer period which ate away test time. The students were rewarded with a lunch at class expense.

Banks To Mail Christmas Club Checks

Approximately $799,250 in Christmas Savings Club checks will be mailed by five local banking institutions in the period November 3 to November 17.

Checks will go to a total of 8,599 club members.

The amount of money and number of club members exceed last year's figures. In 1957, there were 7,297 club members who received a total of $797,544.

Listed alphabetically, here is the breakdown of figures supplied by the five local banks:

Cumberland Savings Bank will mail out checks November 10 to 783 members who will receive $99,250. This compares to 788 members and $97,368 last year.

First Federal Savings and Loan Association reported its checks will go out November 12 to 1,600 club members and will amount to $110,000. Comparative figures for 1957 show 1,859 members and a total of $137,776.

First National Bank will mail its checks to club members November 8. This year there are 1,860 members receiving an estimate $140,000 compared to 1,920 and $163,000 last year.

Liberty Trust Company and its branches will mail out checks November 17 to 2,741 members who will have deposited $320,000. This compares to 1,909 members last year and a total of $314,400.

Second National Bank and its branch will mail checks November 3 to 1,615 members who will have deposited $130,000. This compares to 821 members last year and a total of $85,000.

Monthly Payment Of City Taxes May Be Permitted

Payment of taxes on a monthly bases will be permitted in cases where the entire amount might work a hardship on citizens' pocketbooks, Finance Commissioner Lucile Roeder said yesterday.

These "time payments" will still be subject to the prevailing interest rates, it was pointed out.

Meanwhile, collections are running ahead of last year. Latest figures show a total of $1,017,370.77 or 83 ⅓ per cent of the total tax levy of $1,220,190. This is slightly above the same period last year when $1,001,070 had been collected or 82.9 per cent.

The tax office pointed out that this year's figure actually is higher than that quoted since it does not include payments made by mail.

Deadline for payment was Monday and those made until November 18 will bear one per cent interest. Interest after that date will increase one half per cent a month.

Income and outgo of the City of Cumberland was about equal during the first quarter, according to a report on the condition of the levy, issued Tuesday by Arthur B. Gibson, city auditor.

Collections on September 30 totaled $456,945.44, and this represents 23.99 per cent of the $1,905,120 levy.

During the first three months of the fiscal year, the various city departments spent $368,845.67, representing 23.62 per cent of the $1,561,144 appropriated for city operations. Par for the three months is 25 per cent.

Scouts Hold Investiture Ceremony

An investiture ceremony for the newly organized intermediate Girl Scout Troop 51 was held last week at St. Paul's Lutheran Church, corner of Baltimore and Centre streets.

The color guard for the flag ceremony included Marsha Kay Gormer, Rebecca Gormer and Jo Ann Rhind. The investiture ceremony was conducted by Mrs. Albert Gormer, troop leader who read a poem during the candlelight ceremony about the purpose of scouting.

Girl Scout pins were presented to the members of the troop. They are Mary Belle Sammel, Ann Stern, Christine Sammel, Ann Sammel, Georgetta Sommerkamp, Gail Eror and Janet Sharp.

Rev. John F. Sammel, pastor of the church, greeted the troop and leaders at the ceremony. Miss Olive Hurlburt, executive secretary of the Girl Scouts here, was introduced by Mrs. Gormer. Miss Hurlburt presented the certificate of recognition of troop sponsorship, the St. Paul's Lutheran Church Women. Mrs. Calvin Keiter, president of the group, accepted on behalf of the organization.

Mrs. Gormer announced the Girl Scouts will assist with the church nursery each Sunday. The troop meets Tuesdays at 4:30 p. m. at the church. Mrs. Wallace Ullery is assistant troop leader.

The troop committee is comprised of Mrs. R. E. Chaney, chairman; Mrs. Donald Moffatt, Miss Elizabeth Miller, Mrs. Weldon Skiles, Mrs. George Frick, Mrs. Harry Turley, and Mrs. Warren Crawford.

The decimal money system was adopted by Congress on July 6, 1785.

State Police File Detainer On Man

State Police have filed a detainer against an inmate of the Federal Reformatory at Chillicothe, Ohio, who is wanted here in connection with a forgery that was committed last May.

Sgt. William F. Baker, criminal investigator for the State Police, said Lawrence L. Johns Jr., 25, of Morgantown, is wanted by Allegany County authorities for forging the name of Paul Shear on a check last May 27 at a supermarket.

After leaving this area, Johns is said to have gone to Shinnston, W. Va., where he stole a car. He was picked up in Ohio and placed in the reformatory on the stolen car charge. Johns is due to be released in 1960, Sgt. Baker said.

Former Resident Receives Award

As a result of his accomplishments as a project engineer with the Oceanographic Publications Branch of the Division of Oceanography of the Navy Hydrographic Office in Washington William H. Myers, a native of Cumberland has been presented a $200 cash award and certificate of superior accomplishment.

Myers received his bachelor of science degree in biology and master of science degree in zoology from the University of Maryland in 1943 and 1948 respectively. He also did graduate work in marine biology at the University of Miami, Fla., in working for his Ph.D.

He has authored and co-authored various technical papers relating to the environmental aspects of coastal waters and harbors which have been presented as various scientific meetings and published in technical journals.

City To Sponsor Hula Hoop Contest

The Recreation Department will sponsor another hula hoop and skating contest Saturday at Johnson Heights Playground as another in the series of its Saturday morning recreational events.

The first was held last week at Gephart School Playground. As at Gephart, children are asked to bring a used toy which will be donated to the Associated Charities collection for distribution to less fortunate tots at Christmas. Two cartons of toys were contributed at Gephart last week.

New features of this weeks event, to be held from 10 a.m. to noon, will be the boomerang hula, follow-the-leader hula, balloon hula and stunt hula, according to Mrs. Eva M. Hogan, assistant recreation director, who is supervising the contest assisted by Miss Martha Shaner, teacher at Johnson Heights. Volunteers from the Playground Association will assist.

Man Bites Man

TUCSON, Ariz. (AP) — Tucson police officer Donald Guenther said a 47-year-old man he arrested on a drunk charge was armed to the teeth.

Guenther said Hilario Migues had a thin metal strip across a partial plate on his upper front teeth that was "razor sharp" and the man snapped at the officer several times.

Determined To Buy

SAN DIEGO, Calif (AP) — A saleslady in a millinery store went right on selling hats during a two-hour power failure. Several women customers went to their cars for flashlights so they could continue trying on hats and gaze into the mirrors.

Corriganville PTA Plans Festival November 3

Plans for the annual fall festival sponsored by the Parent-Teacher Association of Corriganville School were completed at a recent meeting at the school.

Mrs. Betty Werner, president, appointed Mrs. Helen Sweitzer as general chairman of the festival, which will be conducted from 7 to 9 p. m. Monday, November 3, at the school.

The program featured a talk by Mrs. James Kave on the parent education project of the County PTA Council. The parent education program will begin in January at Corriganville, with Mrs. Kave as leader.

Miss Alma Logsdon, principal, introduced the school's new fifth grade teacher, Mrs. Emma Young. Mrs. Harriet Wolfe was named chairman of a Christmas candy sale. Frank Deremer was authorized to purchase a typewriter for the school, one of the PTA's projects for the school year.

It was announced that members should submit written questions concerning the curriculum and policy of the school for the November meeting, when they will be answered by the principal.

The attendance award was won by Mrs. House's room. Refreshments were served.

A toy party was held following the meeting, with proceeds going to the PTA's projects fund.

COURTS RE-ESTABLISHED

BUDAPEST (UPI)—The re-establishment of courts for handling violations of labor discipline in Communist Hungary was reported Wednesday by the Hungarian press. Budapest newspapers said the so-called social courts were set up again in all factories of the foundry and mechanical industry. The courts were established throughout Hungary after the 1956 revolt but were abolished last year.

There are approximately 1,400 separate parts in an electric refrigerator.

KOREAN AID LISTED

SEOUL, Korea (UPI)—Deputy Minister of Reconstruction Shin Hyun Ho said Wednesday that the Republic of Korea would receive 210 million dollars in defense support aid from the United States during the fiscal year ending next June. Shin told a press conference the Korean government learned of the amount through the Korean Embassy in Washington and that official notification from the U.S. government was expected shortly.

Central Alarm Committee To Meet Tonight

The Central Alarm committee of the Allegany-Garrett Volunteer Firemen's Association will meet today at 7:30 p.m. in the LaVale Fire Hall.

The committee is headed by James Loar, LaVale, and includes Paul Haberlein, Frostburg; Harry DeHaven, Baltimore Pike; Elmer VanPelt, Tri-Towns, and Lawrence Smith, Flintstone.

Each volunteer fire company in Allegany County is urged to send a representative to the meeting, when an effort will be made to reach a definite conclusion on the proposal to establish a central fire alarm system.

Early this year, the Bowling Green volunteer company wrote to the bi-county association, citing the frequent false alarms and urging that the association consider the formation of the central alarm plan.

Under the proposal, fires in all sections of the county would be reported to Central Alarm headquarters, which could sound the alarm for the unit or units needed to bring the blaze under control.

Francis Fatkin, president, said officials hope the alarm system can be financed through the Civil Defense agency.

Devereux Asks Tawes To Stick To Md. Issues

Raps Statement On Teacher Pay

By The Associated Press

Republican James P. Devereux called on his Democratic opponent Tuesday to "get off his Alaskan glacier and get down on the good solid earth of Maryland" while J. Millard Tawes told the Engineers Club of Baltimore that what Maryland needs is more engineers on the state payroll.

"The need for engineering talents has never been so great as it is today," Tawes told the professional group.

"We should plan the future of this state in somewhat the same manner as you do the construction of a bridge. When I become governor, I expect to place a stronger emphasis on state planning, and it is in this area that you engineers can be of invaluable service to your state . . . As governor, I will call on the vision and the imagination of your profession to assist us in projecting our construction plans carefully into the future."

No Outsiders

"Giving engineers in the employment of the state, and those consulting firms employed by state agencies, appropriate pay for their efforts, is a most important way," Tawes added, "to help place all state engineering on a high professional plane."

The Democratic candidate also promised that if elected governor "no consulting engineers will be employed unless they are registered in the state of Maryland."

Devereux's reference to Alaska came in a statement issued by his campaign headquarters while the GOP candidate toured Baltimore County, his home county.

"My opponent, in an aggravated state of fear and depression, has turned his sagging campaign to an attack on my record in Congress," Devereux said.

Tawes has criticized Devereux for voting against Alaskan statehood.

Not An Issue

"Someone should tell my opponent," Devereux added, "that even if the wildest imagination could ever have made Alaskan statehood an issued in a Maryland campaign for governor, that time has passed.

"The issue is dead. Alaska is a state."

Devereux called on Tawes to answer "that great unanswerable question — how he will cause 12 million dollars to be appropriated for teachers' salaries without increasing taxes."

"If he can't do that — and I know that he can't," Devereux said, "let him admit that his claims are pure political bunk."

"Let him say that he will increase the teachers' salaries and also increase taxes, or let him say that he withdraws his salary increase promise.

Until he does one or the other, Devereux said, Tawes "stands accused by himself of bad faith and worse — demagoguery."

"Dangerous Dan"

The GOP candidate also called on "Dangerous Dan McTawes" to "come out of that Arctic fiscal fog and tell us how he currently stands on the graduated income tax." He also asked Tawes' stand on saving Maryland's oyster industry.

"I have received a considerable favorable reaction to my advocacy and that of my platform for operation of the junior college by the University of Maryland — as branches of the University," Devereux added.

"What does my opponent think of that issue, or have his bosses not yet told him about it?

"It's time for Mr. Tawes to talk Maryland," Devereux concluded. "The stout fellows in Alaska can take care of themselves."

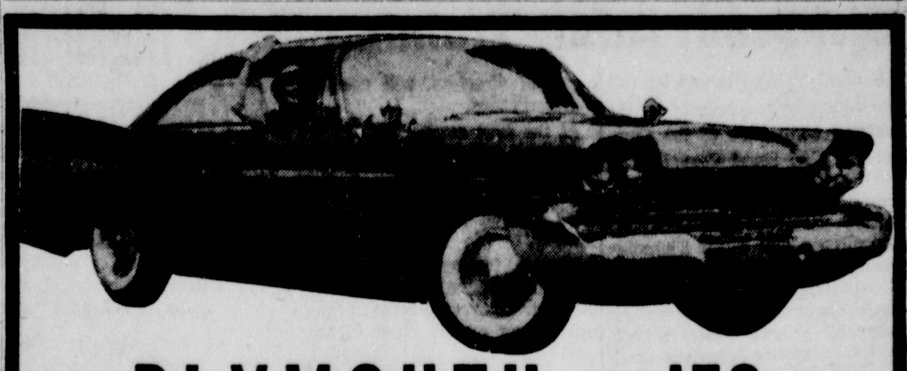

Class Entertained

KEYSER — The regular monthly meeting of Mrs. Bane's Sunday School class of Grace Methodist Church, was held at the home of Mrs. Harry Taylor. Her co-hostesses were: Mesdames Roy Hartman, Arthur Wilmoth, Graham Pifer and Frances Donahue. A devotion of friendship was led by Mrs. Russell Arnold.

Following a short business meeting conducted by the president, Mrs. I. W. Matlick, the evening was spent at a white elephant auction. Auctioneers were Mrs. Graham Pifer and Mrs. Irvin Bane. Guests included Mrs. A. L. Pope and Mrs. Warren Boggs.

Theodore Foote To Direct Girl Scout Adult Training

Several training events for this week have been scheduled by the training committee of the Cumberland Girl Scout Council.

An art workshop for new and experienced leaders, troop committee members and program consultants will begin Thursday evening at LaVale Methodist Church from 7:30 to 9:30. Theodore Foote, art supervisor for Allegany County public schools and a member of the Girl Scout board of directors, will conduct the workshops.

At the first session Mr. Foote will show and lead a discussion on the movie "Adventuring In the Arts," after which some craft work will be done by those attending.

The next two sessions will be on succeeding Thursdays at the same location. Interested persons may attend one or all three of the workshops.

This evening at 7:30 the second session of the basic course for new leaders will be held at Cresaptown Methodist Church. This session will include flag ceremonies, interpretation of the Girl Scout promise and laws and a presentation and discussion of the outdoor phase of Scouting in preparation for a session to be held outdoors next week. A few additional members will be accepted in the course provided they attend this week's session. Mrs. Ruby Adams is the trainer.

The fifth session of the basic leadership course for new leaders, being held at the Girl Scout House on Thursday mornings will be devoted to program planning for Brownie and Intermediate age troops.

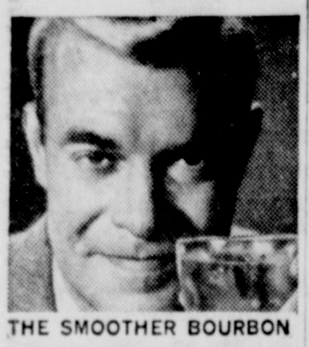

Mrs. Kathleen Kave, volunteer trainer in charge of the course will conduct the session for Brownie leaders and Miss Olive Hurlburt, executive director, will work with leaders of intermediate troops. A session especially for leaders of senior scout troops will be held at a later date.

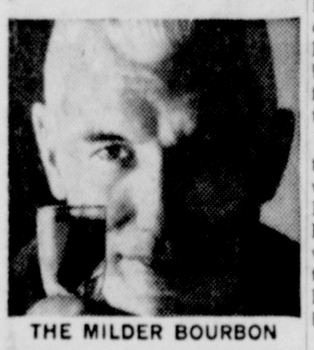

This weekend, Camp Tioga, the Cumberland Council Girl Scout Camp will be the scene of a two-day training period for leaders as a climax to the outdoor training course, in progress the past two weeks. The opening session at camp will be held Friday afternoon with tours of the campsite to explore possibilities for program activities; crafts, and campcraft skills.

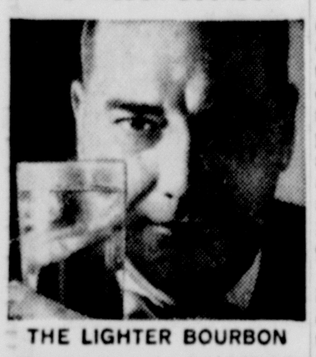

Various types of cooking have been planned which will be done on outdoor fires. In addition to the aluminum foil, reflector oven, and bean hole cooking on Saturday, there will be games with the use of the compass, nature exploring, flag ceremonies, discussion groups and a "Scout's Own" program.

Consultants and trainers for the weekend will include Mrs. Aden Everstine, Mrs. Elizabeth Williams, Mrs. Z. F. Zimowski and Miss Olive Hurlburt.

The patrol system will be used throughout the weekend, with the following leaders serving as patrol leaders for this event: Mrs. Edward Milbrada, Mrs. Marcella House and Mrs. Kate Hartell. The sixteen leaders who have registered for the camping trip will leave camp Saturday night.

Church Pageant To Be Highlight Of Anniversary

An historical pageant, "We've A Story To Tell," which will be presented this evening at 7:30 at First Evangelical United Brethren Church, will be a highlight of the 50th anniversary of the church, being celebrated this week.

Rev. Dr. E. E. Miller, pastor, said the pageant in 12 scenes will depict the history of the church, located at the corner of Fourth and Race streets. Mrs. Miller wrote the pageant.

Tomorrow, open house will be observed at the parsonage from 7 to 9:30 p.m. and on Saturday a fellowship supper will be held at the church beginning at 6 p.m.

On Sunday morning at 10 o'clock Bishop J. Gordon Howard of the East Central Area, Pittsburgh, will speak.

The celebration will come to a close on Sunday evening at the 7:30 o'clock service. Rev. Dr. Miller will bring the message, "Onward to Greater Things."

The local church has been called First Evangelical United Brethren Church for about two years. Prior to that it was Bethany Church. Up until 1946 it was the United Brethren Church, at which time it merged with the Evangelical Church.

On May 8, 1907 the local church was incorporated. In March of the following year the church building was erected and the cornerstone was laid on July 12. The dedication service was on December 20.

elf and George B. Newman as co-chairmen of the Golden Gifts ivision. He said that CUF is a 'great team requiring the interests, energies and talents of people in all walks of life." Golden Gifts' final report next Wednesday will be 100 per cent, he said—"I an promise you that."

Mayor J. Edwin Keech was onored by Mr. Ort for "doing n outstanding job in his first ear as a CUF worker." Others who were introduced included Carl K. Hess, county chairman; C. M. Sanner, assistant to the ampaign chairman; Robert Garner, classified co-chairman; Glenn K. Davis, business co-chairman; classified captains Lt. Richard McConniell, Reynold Wallach, B. U. Smith, Lee Silcox and Robert Esler.

Recognition was given to business division captains, of whom C. M. Sanner said, "Some are not here tonight—they are out pounding the streets to meet their goals."

County Chairman Hess introduced Raymond C. Hudson, Tri-Towns chairman; G. Harley Dixon, Tri-Towns Golden Gifts chairman; John Batcha, Tri-Towns business and classified chairman; T. Warner Lowry, Keyser chairman; and Mrs. Edna Laing, McCoole chairman.

The meeting ended on an optimistic note, with Mr. Ort declaring: "We are assured of victory!"

Captain Biggs, in his closing remarks, said: "You heard the great sum that has been reported. That's the final kick—we will be over the goal within a week."

Garden Club Members To Walk Along Canal

Plans for the Garden Club hike along the C. and O. Canal have been completed.

Cars will meet in front of the Lark Inn in Paw Paw at 1:30 p.m. on Sunday. From there they will be guided to the western end of the Paw Paw tunnel where the walk will begin. The walk will end at the Cumberland Outdoor Club where cars will be waiting to take drivers back to the starting point of the walk. The drivers will then return to the Outdoor Club to collect their passengers.

All members who wish to take the walk are requested to register for themselves and their guests with Mrs. George Henderson, PA 2-2108, before 6 p.m. today in order to arrange transportation.

The distance is a little over three miles, all of it level. Anyone who wishes to walk back through the tunnel may do so, but a warm jacket and a flashlight will be useful. In case of rain the walk will be postponed.

SHAH HEADS COMMITTEE

TEHRAN (UPI) — The Shah of Iran has placed himself at the head of a special committee to investigate complaints from the people. Iran earlier this week embarked on a new program to end corruption through radical reforms.

Industry's New Obsolescence

One of industry's fastest growing problems is technological obsolescence.

Everyone is familiar with the usual kind of obsolescence—that of machines aging and eventually wearing out. Not so well known is technological obsolescence, where a perfectly good machine is left useless because it has been outdated by some new technological advance.

Business Week magazine in commenting on this problem notes that leading industries in the race for technological improvement are aircraft, electronics and chemicals. In these fields companies are forced by demands of competition to solve ever more difficult problems ever faster.

For example, says the magazine, "airplane builders, backed by huge government research funds, are developing new metalworking methods and machines. The auto industry used to be the bellwether of metalworking techniques. Now it's far to the rear and the airplane builders are well ahead of the toolmakers, too."

More and more, the aircraft plants are developing their own metalworking processes and designing and building their own tools.

With the fantastic splurge of missile-building this problem will become more acute than ever. And—unlike the obsolescence of age—it is difficult to see how it could be compensated for by tax relief laws.

But as industrial research spews forth a flood of new and better machines, processes, controls, and materials for industry, it will be a vital part of the cost factor for industry.

These Days

By George E. Sokolsky

The Boss

Political party leadership is a normal response to the necessity of having some one to manipulate the machinery of party organization. In a large area such as New York City is, where 8,000,000 people live and work, it is likely that political party leadership will be more important than in a village of 300 families. As the Democratic Party generally prevails in three out of the five boroughs of the city and as the Republican Party is practically non-existent in those three boroughs of heaviest population concentration, it stands to reason that the Democratic political leader of New York City is likely to be quite a figure.

There have been a number of such leaders and they have been known variously for corruption, astuteness, wisdom, incompetence, competence. There was the notorious Bill Twedd, the tricky Richard Croker who left the country in a hurry, the sagacious Charlie Murphy and now the unusual Carmine DeSapio.

DeSapio is literate which used to be an offensive word among the politicians; he is urbane which is unexpected. He is Italian in origin and thinks with a Latin twist which makes him less understandable to the more direct Irish and Anglo-Saxon. He does not fight rough, but he most often wins by maneuvers. He is not always wise in the selection of candidates or political associates but he wins elections. He is the most articulate leader Tammany Hall has ever had, the leaders in the past generally remaining silent and letting the candidates do all the talking.

The Republicans in New York State have made an issue of DeSapio, but it has not affected public opinion one way or the other. Instead of permitting himself to be attacked and waiting for Averell Harriman to defend him or to ignore the attacks, DeSapio went off on his own, attacking Nelson Rockefeller, stating his own case, and almost giving the appearance that it was a campaign of DeSapio vs. Rockefeller.

In the Democratic Party, Averell Harriman owes his governorship to Carmine DeSapio who did not have to take him. During Harriman's first term, he and DeSapio were close. They have lost much of their friendship, first, because DeSapio objects to the ADA group associated with Harriman and secondly, because Harriman's candidate for United States Senator was Thomas K. Finletter, while DeSapio's was Frank Hogan. Hogan was nominated. A more logical choice than either was James A. Farley who was not nominated. It is known that if caught in a pinch, DeSapio would have accepted Farley but not Finletter; similarly Harriman, in a pinch, would have accepted Thomas E. Murray but never Farley. The nomination of Hogan made the Governor cool, but not cool enough to court defeat. Theer will be a show-down between Harriman and DeSapio and my guess is that the Governor will have a hard time, for despite his gentleness, refinement and grammatical English, DeSapio is not to be expected ever to be soft.

The civic question for these of us who are not engaged in partisanship is of what value such a Boss is and the answer can only be that someone must operate party machinery if we are to have a machine and DeSapio is literate; he is conscious of public needs and he avoids scandals. Maybe the latter is not too difficult because we live in an apathetic era and the public takes corruption in its stride. But the administration of government in New York needs an overhauling. It is poor government, inadequately administered by commissioners who range from high grade to incompetents.

DeSapio, with rare forbearance, knows with whom not to tangle. For instance, one of the most effective commissioners in New York City is the Police Commissioner, Stephen Kennedy, who came up from the ranks, has a university degree and an FBI Academy certificate. He is both a tough and an honest cop. DeSapio stays strictly away from Kennedy. If he exercises a Boss's privileges in the city, it is not with the Police Department. I doubt whether he has ever asked for a ticket to be torn up.

The dynamics of the man is enormous; his ambitions are large. Some of the old politicians of both parties wonder how an Italian wandered into their preserves. The answer is that he has, and thus far, has been successful. He is a new kind of Boss in a new generation.

Senator Chavez Coddles His Playboy Son At Expense Of U. S. Taxpayers

By Drew Pearson

WASHINGTON. — This column has been probing behind the political posters for a closer look at some of the candidates running for high office. Among those scrutinized have been Arthur McGonigle, GOP candidate for Governor of Pennsylvania, whose rise to be a pretzel magnate is not the American success story he makes it out to be; also his running mate for the Senate, Congressman Hugh Scott, who accepted $2,000 to get a pardon for Nicholas Marcello, then introduced a private bill to admit Marcello to the U.S.A.

Today's subject is a Democrat, Sen. Dennis Chavez, now campaigning for re-election in New Mexico. Chavez, a likeable liberal Senator, has a weakness for long cigars and firewater. He also has a weakness for coddling his playboy son, Dennis Jr., at the taxpayers' expense.

More than once, the Senator has authorized his son to draw government funds for personal use. During one interesting week in Madrid, Dennis Jr. withdrew around $3,000 in Spanish pesetas from the American Embassy and blew much of it in night clubs.

"I am still keeping other blank receipts as I have not completely settled all the bills incurred by Dennis Chavez Jr.," reported Marcelle Lecomte in a confidential message from our Paris embassy to the State Department after young Chavez passed through Paris in 1955.

Senator Chavez had appointed his prodigal son to the Appropriations Committee staff during his European trip and authorized him to sign vouchers for government counterpart funds.

Senate Furniture

More recently, young Dennis has been helping the Haas-Dodson Company wangle a contract to supply desks, bookcases and tables for Senators' offices. His father happens to be in charge of building and furnishing the new Senate Office Building which will be opened in January.

When other Senators heard that Dennis Jr. was seeking the furniture contract for Haas-Dodson, they insisted upon inviting bids.

"We don't want a scandal in the Senate," warned Sen. George Malone, Nevada Republican, at a closed-door meeting of the Senate Office Building Commission. "Everyone in the country, who is qualified, should be allowed to bid."

A majority of the commission, both Democrats and Republicans, agreed that the furniture contract should go to the lowest bidder. This turned out to be Stern Office Furniture, not Haas-Dodson. Yet young Dennis's friends still got the contract—at an extra cost to the taxpayers of over $14,000.

After bids were ordered, Chairman Chavez tried to influence the outcome by barring some bidders from displaying samples. Yet despite the fact that Stern Office Furniture was literally locked out of the display rooms in the new Senate Office Building, it won the bidding with a low offer of $61,300. The Haas-Dodson bid was $75,500.

Senator Chavez actually interrupted his re-election campaign last month to rush back to Washington and confer with the Capitol architect, J. George Stewart, on how to disqualify the low bidder.

Stewart had qualified Stern's supplier, Frank Scerbo and Sons, in a letter dated Aug. 15, 1958. But now Chavez wanted to find some way to reverse this letter. They finally found a minor technicality in the contract specifications which did the trick, although it was so small a technicality that it would normally be waived. Stewart had ignored it in his letter qualifying Scerbo. But Chavez seized on it.

No Vote Taken

Knowing a majority of the commission would overrule him, he rejected Stern's bid and awarded the contract to Haas-Dodson without taking a vote of other Senators.

Instead he got a legal opinion from Comptroller General Joseph Campbell to back him up. This opinion was sought in a letter, which summed up the arguments for rejecting the low bid but presented none of the arguments on the other side.

The letter was sent by architect Stewart, who takes his orders from Chavez.

"Senator Chavez, Chairman of the Senate Office Building Commission, has requested that I seek your opinion on the award of a contract for desks, bookcases and tables for Senators' offices in the additional Senate Office Building," Stewart wrote.

"As the second lowest bidder, the Haas-Dodson Company, Inc., has submitted a bid in full compliance with the specifications and not only has the facilities but is prepared to perform the work in strict accordance with the specifications," Stewart argued after outlining the technicality which he claimed disqualified Stern. "It is deemed proper that award of the contract be made to this company as the lowest bidder complying with the specifications."

The Comptroller General routinely replied, on the basis of the facts Stewart had presented, that the low bid could properly be rejected.

Furniture experts have assured this column that the furniture which Stern offered for $61,300 is slightly superior to the furniture Haas-Dodson is supplying for $75,500. It pays to know the son of a powerful Senator, but in this case, it will cost the taxpayers over $14,000.

Judson Cliff Dodson, president of Haas-Dodson, admitted to this column that young Dennis had helped with the furniture contract. Dodson also admitted that he had furnished Dennis's private office with expensive furniture valued at several thousand dollars. However, Dodson insisted that Dennis had paid for the furniture and had not received anything for influencing his father.

GOP Losses: From Porch To Picture Window

By Joseph Alsop

INDIANAPOLIS

In politics, in population and in way of life, there are great differences between Takoma Ave. and College Ave. here in Indianapolis.

College Ave., or at least its 3400 and 3500 blocks, clearly came into being in the building boom after the first World War. Its houses are solid, roomy, styleless, rather dark, and all of them have front porches. The hooks, with no hammock hanging from them, commemorate the almost vanished American habit of front-porch-sitting. Older people, some retired, some with small businesses, most of them rather well off, are in a majority along College Ave.

Takoma Ave., in contrast, was one of the early post-World War II, G. I. loan-supported building developments. Its houses are flimsy, cramped, vaguely pseudo-Georgian boxes, each with its picture window, none with storage space for so much as winter underwear. Younger people, mostly industrial workers and union members, are in a heavy majority in the 3000 and 3100 blocks of Takoma Ave.

Takoma Ave., as might be expected, is decidedly more sympathetic to the Democrats than College Ave. But despite this political divergence, the two neighborhoods also have two things in common. Both gave President Eisenhower substantial majorities in 1956, and in both, the Republicans appear to have lost heavily since then. As usual, the figures tell the story.

On College Ave., twenty-nine rather articulate voters suffered the intrusion of this reporter and the professional poller, Lou Harris. In line with the neighborhood voting record, they had chosen Eisenhower over Stevenson in 1956 by a whopping 22 to 7. That year, in the Indiana Governorship race, they had also given Gov. Harold Handley twenty-one votes, against six votes for the Democrats and two not voting.

Yet this year, only thirteen of these same people are ready to vote for Handley for the Senate. No less than eleven have already made up their minds to vote for the Democratic Senate candidate, Mayor Vance Hartke of Evansville. Five are still examining the alternative with as much distaste for the Republicans as for the Democrats. If this switch is representative, the Republican bedrock in this obstinately Republican big city has been sadly chipped away.

Nonetheless, what we found on Takoma Ave., was even more interesting. Of twenty-three intending voters polled by us, twelve had chosen Eisenhower and only five had chosen Stevenson in 1956. Among these more natural Democrats, the Eisenhower coat-tails had also helped the local ticket rather more than in most parts of the country. Eleven of them had voted for Handley for Governor, and only six had voted for the Democrat.

This time, the labor unions have been hard at work, persuading the faithful to register in order to vote against the right-to-work proposal on the Indiana ballot. Thus the Democrats had acquired no less than five new votes. One new voter, not a union man, was backing Handley. In addition, seven more Handley voters had left him in the interval. Hence the grim final score was Hartke fifteen votes, Handley only five votes, and three "don't knows."

The falling off in the Republican vote was not only much more terrible on Takoma Ave. than on College Ave.; the political tone was also more ominous. In both neighborhoods, those who still intended to vote Republican were decidedly defensive, if not downright defiant, just as intending Democratic voters used to be in the two great Eisenhower years. But in College Ave. the new Democrat recruits were seldom violent about it; they talked rather like the much-wronged lady who so nobly said that she "was not angry, only a little sick at heart."

On Takoma Ave., in contrast, a great many people were very angry indeed. One peppery lady—an older woman this, married to a highly skilled, well-paid auto worker with long seniority, who had never been laid off — treated us to a positive tirade about her husband's wrong-headedness. First, she said, he had persuaded her to vote "for that Eisenhower" last time. Now she added, just to make matters worse, he still maintained the President had a right to play a lot of golf. But, she concluded triumphantly, "he's at least got the sense to see that people like us can never vote Republican again."

Two small neighborhoods in a great city do not necessarily foretell the final outcome, any more than a single rural route in a big farm state. But more comprehensive polls than ours, and the observations of the local experts, and the very shrillness of the Republican campaign, all combine to point in the same direction. As of now, the outlook is dark for the Republicans in Indiana, unless Nixon-style medicine can revive the patient.

The New Air Tourist

By Bob Considine

PARIS — Juan Trippe, whose jet clipper "Mayflower" flew us here so swiftly we had to wait six hours for our hotel room to be ready, sums up all the dreams of his fellow airline operators when he says:

"Mass travel by air — made possible in the jet age — may prove to be more significant to world destiny than the atom bomb. For there can be no atom bomb potentially more powerful than the air tourist, charged with curiosity, enthusiasm and good will, who can roam the four corners of the world, meeting in friendship and understanding the people of other nations and races."

The president of Pan American World Airways has a good thought. He is correct too in using the words "mass travel." Just that will be needed, and nothing less, if the enormous investment of the airlines in jet travel is to break even or return a little profit.

Jack Wrather, of Texas, Hollywood and New York, one of the smartest young businessmen in America, was saying at the Ritz today: "Bonita and I are flying home on the jet next week, our first flight. But I marvel most at this whole venture. Pan Am, TWA, Air France and the other lines that fly you from Paris to New York have been using Connies and DC7s which take 60 people per day per plane per airline to New York, more or less. Now Pan American has a plane which seats 120, and all the others will have something like it pretty soon. Where are the other 60 passengers coming from?"

The answer, we guess, is up to the airlines themselves. They have won the confidence of millions who only a few years ago would not have thought of flying. But to survive after an investment of billions of dollars in new jet equipment they must broaden their market considerably.

That one Pan American 707 which flew us here the other night can carry as many transatlantic passengers in a year as the Queen Elizabeth, the Queen Mary, or the United States. Yet Pan Am has bought dozens of these 5 million dollar Boeing planes, as well as dozens of the Douglas DC8s of similar proportions and cost. Can you imagine Cunard building 90 Queen Elizabeths when it has trouble half filling one during the long off-season?

There is a great untapped lode of tourists, as Trippe suggests, but it has to be sold on packing up and going. The "go now, pay later" plan has been a tremendous scoop digging into that lode. Now, more innovations are needed.

People who swear they'll never ascend any higher than the second floor must be persuaded to fly as high as 40,000 feet. People who hesitate to put their automobiles into third gear, for fear of exceeding the speed limit, must be made to thrill to the very thought of hurtling easily through the air at 600 miles an hour. People who want to go by ship to have time to rest, and even think, must be taken by the lapel and told how much finer it is to be at their destination days ahead of time than the expectation of getting there.

There's a striving contest for the lion's share of the tourist dollar. Immense corporate fortunes are at stake. Properly approached, it seems to me, the tourist himself has enough money to take care of everybody, even at a French hotel.

Boarding Houses For Retired Senior Citizens

By Dr. Theodore R. Van Dellen

Many cities are losing a potential source of manpower and revenus by not catering to their senior citizens. Every day, thousands of retired persons are moving to areas where they are wanted and where conditions are suited to their needs. They are leaving with the rewards of years of work and learning.

The city fathers could correct the situation in many innstances by developing special housing facilities. Living arrangements for oldsters are exceedingly important to their well being. Quarters must provide more than a shelter and should offer convenient opportunities for recreation, health care, social life, and religious activities.

Retired persons can get attractive homes guaranteed by FHA, provided the structure is designed to meet their special needs.

The magnitude of this problem is not fully appreciated. Each year the number of men and women 65 and over increases by 400,000, or approximately 1,100 a day. At present, 1 in 12 of our entire population is in this age bracket, and the proportion is growing. More and more have economic security and want to live in dignity and serenity.

Two and three generation homes are passe. For this reason, more and more communities are attempting to restore the relationship between the young and the old by furnishing decent, safe, and adequate housing at a cost the oldster can afford to pay. It is not easy to find places for them to live.

A consultant on the problems of aging—Miss Elizabeth Breckenridge — told me recently, "I wish there were more old fashioned boarding houses for elderly persons. I refer to the kind that were clean, well run, and boarded 10 to 12 men and women. If they became ill they were sent to a hospital or nursing home but returned when they recovered. Each person had a room providing privacy and the boarders were free to come and go as they pleased. Someone was present in case of injury or illness. This type of housing is ideal for those who don't need bed care or help in dressing, eating, and leisure time activities.

Foster homes serve the same purpose except that only one person is involved. They are even more difficult to find because not enough families are interested in older persons to take them into their homes.

MORNING COFFEE

Mrs. F. writes: My husband nags me about not eating breakfast. I prefer just coffee until I feel hungry and then I enjoy eating. Is there anything wrong with this schedule?

REPLY

No, provided you consume balanced meals when you finally get around to eating. Most persons feel and work better after a hearty breakfast but this does not mean that everyone has to follow suit.

DISK AND TAP

D. J. writes: Will a spinal tap show whether a disk has slipped?

REPLY

Only when used in conjunction with special X-ray studies of the spinal canal.

SPREAD OF INFECTION

K. P. writes: What causes brain abscess?

REPLY

Half of all cases occur when infection in the ears or sinuses travels through the skull and into the brain. The other 50 per cent are caused by a variety of infections or injuries.

EATING AFTER FRACTURE

G. J. writes: During convalescence from a broken leg, are there any special foods that will aid healing?

REPLY

No, except those contained in a normal, well balanced diet.

NO ARCH SUPPORT

Mrs. H. writes: Will going around the house all day in bedroom slippers harm the spine?

REPLY

No, but it's hard on the arches.

SKIN CANCER

B. V. writes: I have brown hair and blue eyes and my skin is not milky white. Am I susceptible to cancer through sunbathing?

REPLY

No one is exempt, and in this respect, everyone is susceptible with enough exposure. On the other hand, those with fair skin will develop the condition sooner under similar circumstances.

DEFORMED TOES

J. H. writes: Should overlapping toes in a child be corrected by operation?

REPLY

Only if more conservative measures — such as proper shoes and pads — have been tried and failed.

DOG DAYS

Mrs. M. writes: Are dogs more likely to go mad in August?

REPLY

No. Rabies may develop at any season of the year. The term "dog days" for August's sultry weather is a misnomer.

TOMORROW: Pink babibes.

To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Are you sure you know the best position for your shoulders?

Secrets Of Charm

by John Robert Powers

Shoulders Right

Shoulders that droop throw the whole body out of line. If yours do, you must correct the fault before there's a chance of the wonderful figure improvement that comes from good posture. But don't try to go from one extreme to the other. It will do no permanent good to throw your shoulders back in a ramrod-stiff military fashion. Your body alignment won't be right that way either, and because you simply can't keep your shoulders so far back, it will be too much of a temptation to give up and slip into a droop again.

Shoulders in exactly the right position don't feel forced into it — the position feels comfortable and natural. Perhaps not at first, after too long a habit of hunching, but it will after properly held shoulders become your proud new habit. How can you be sure you are holding them properly? Try this:

1. Pull your neck hard out of your shoulders and hold your chin parallel to the floor.

2. Relax your shoulders. Let them go limp and drop.

3. Gently rotate your shoulders forward, wheel them up and try to touch your ears, then ease them back and drop them — suddenly.

Now — your shoulders are in the position they should take, neither humped nor forced backward.

To help your muscles to remember, repeat the one-two-three routine often every day for a week or so, then check with less frequent repeats later on. And once a day for the first ten days — to make it easier to maintain the position of your head that's so necessary in making the shoulder correction a success — do this exercise:

From an erect position, let your head fall forward on your chest. Hold for a count of five. Then suddenly fling it backward and hold for another count of five. Repeat 10 times.

Three Injured In Car Crash Near Frostburg

Three persons were hospitalized following a one-car accident early yesterday near Frostburg.

Admitted to Miners Hospital were Miss Jean Coddington, 16, Friendsville; Miss Betty Bockes, 17, of Garrett, Pa., and William Hochard, 21, Boynton, Pa., who was driving the car.

Hospital attaches said both girls sustained internal injuries and were in a state of shock when admitted. Miss Coddington suffered a fractured skull and is reported in "fair" condition, while Miss Bockes suffered severe bruises and a hip injury. She is reported in "good" condition.

Attaches said Hochard sustained bruises of his hip and is also in shock. He is reported as "good."

Trooper Joseph V. Stakem of the Maryland State Police said the accident occurred shortly after midnight on the Finzel Road.

Police said Hochard was traveling north on State Route 546 when he lost control of his automobile. The car ran off the left side of the roadway and overturned.

Trooper Stakem noted that the highway was wet at the time and that Hochard was attempting to make a left curve when he lost control.

Sugar cane was known to ancient China and India.

Ageless Exercise

SALT LAKE CITY (AP) -- A California doctor says lack of exercise may be killing off Americans ahead of their time.

Dr. Laurence E. Morehouse of UCLA told a medical meeting that normal persons could avoid much of the feebleness of age with exercise in their younger years. He said with proper exercise it is possible to be physically fit at 85.

Ridgeley PTA Plans Fund Raising

The budget and finance committee of the PTA of Ridgeley High School has announced plans for a community birthday calendar as a project to raise funds for the association.

Listings of birthdays, anniversaries, meeting dates of local clubs, organizations, church programs, school affairs and social events in the Ridgeley and Wiley Ford communities, are being taken by a committee of women in the two communities.

Mrs. Verna Skidmore and Mrs. Leon Hammond are co-chairmen for Ridgeley and Mrs. James Taylor and Mrs. Joseph Ott are co-chairmen for Wiley Ford.

Other workers on the Committee are Mrs. Betty Foley, Mrs. Esta Bowers, Mrs. Betty Tabler, Mrs. Helen Bradshaw, Mrs Coleen Valentine, Mrs. Willis Baker, Mrs. F. R. Monahan, Mrs Florence Mullen, Mrs. Morgar Riley, Mrs. Lowell Manning, Mrs. Joseph Ott, Mrs. Earl Wonders, Mrs. Winnie McFarland Mrs. Virginia Rowe, Mrs. Carrie Ross, Mrs. Thelma Sachs, Mrs. Mandy Sherman, Mrs. Mae Nield and Mrs. Dottie Houdersheldt.

Keyser Doctor Is Indicted In Narcotic Case

Mineral Grand Jury Completes Report

KEYSER, W. Va. — Dr. William A. Flick, a Keyser physician, was indicted Tuesday on two counts of unlawfully prescribing narcotics for a man with a long record of narcotics violations.

Also indicted by the Mineral County Circuit Court grand jury was John Pollock, 42, charged with 21 counts of obtaining prescriptions by fraud or forging prescriptions.

All of the charges constitute felonies.

Authorities said Pollock, who has no permanent address, was picked up in Grafton recently and returned here after police found several prescription blanks bearing Dr. Flick's name in his possession.

Pollock has a record of narcotics violations dating back to 1934, police said.

Flick was indicted for allegedly prescribing morphine and dilaudid, an opium derivative, for Pollock in violation of law.

Other felony indictments included: Martin Luther Hare and Eugene P. Swick, two counts; Earl Edward Carver, two counts; Malvin Simmons and Robert Lee Broy, 25 of Westernport, one count each; David Whittington, Donald Teets, Hugh, James and William Friend, one count.

Broy also was indicted on a misdemeanor charge. He was arrested April 9 in Piedmont in charges of drunkenness. At that time he told police he obtained money to purchase intoxicants by being paid off after "hitting" a pinball machine in the City Restaurant on Armstrong Street.

Angelo and Ismene Panetta, owners of the restaurant, denied they had given Broy any money. Later it was learned that Broy actually obtained the money by forging a check for $26 and cashing it at a local store.

Misdemeanor indictments were returned against Hershel William Weaver, Wilbur Brown, Philip Shepp and Virgil Charles Hoover.

Members of the grand jury are Arthur Swadley, Alonzo Harmon and Verna Skidmore, of Frankfort district; Paul Laffey, and Berton T. Haywood, of Piedmont district; Lawrence Idleman and Walter Schwinabart, of Elk district; Anna Taylor and Nina Thrush, of Welton district; Calvin J. Pyles, S. S. Smith of Cabin Run district; Clara Kauffman, Brooks Burgess, Arthur Moore, Josephine Brake and Margaret Jordan, of New Creek district.

Tri-Towns Lions To Urge Action On Roads Projects

WESTERNPORT — Regular dinner meeting of the Tri-Towns Lions Club will be held at 6:30 p. m. today in the social hall of Mt. Calvary Lutheran Church.

At the last meeting Russell H. Marsh, district governor, spoke on the growth of Lions International and district 22-W activities.

Glenn Davis, deputy district governor, spoke briefly. Twenty-one members of the local club were present and two visitors from the Frostburg club attended.

Recent efforts of the local club to instigate action on proposed road building projects in this area were reviewed and plans laid to reactivate these efforts. Visitation to the Lonaconing and Frostburg clubs was suggested in order to solicit their support in getting action on the George's Creek improvement projects.

It was reported that orders for 307 fruit cakes have been received.

Paul M. Fuller, chairman of the sale of Christmas trees, states that arrangements have been completed for getting good local trees this year, except for a few details of transportation.

Airport Hangar Is Burglarized At Moorefield

MOOREFIELD—A steel drum of aviation gasoline and a gasoline pump at Moorefield Municipal Airport were stolen last Saturday night. The gasoline and drum belonged to Harold Dodd and it was his hangar that was broken into.

Dodd had flown his plane Saturday afternoon and discovered the loss Sunday afternoon. Entry was made by breaking a padlock to open the doors. State and Town police are investigating the theft. The drum of gas, nearly full, was too heavy for one person to have loaded into a truck.

Nothing else was missing according to Dodd.

This is the third break-in at plane hangars. Twice during the past month someone entered the airplane hangar at Fort Buttermilk. Entry was made by crawling under the office section of the structure. Soft drinks, small sums of cash and other minor items were missing. Police blame juveniles.

All members of the parish are invited to attend this reception.

Oakland Airs Problem Of Water System

OAKLAND — Mayor Russell L. Smith reports that the mayor and council of Oakland is considering plans for increasing the water supply of the community.

At a town council meeting Monday, some score or more local business people appeared before council and urged action on the water problem.

It was pointed out that the Sterling Poultry Processing Plant needs more water to operate and if more water is available, the operation can be expanded, thus increasing employment and production.

Spokesmen also stated that the town of Oakland and its surrounding area needs more water because of normal community growth, and th eantural dropping of the water table. More water will mean greater industrial growth, and the natural dropping community growth and development and greater fire protection.

Water is now obtained by pumping from wells and Mayor Smith said some consideration is being given to the eventual establishment of a modern filtration system.

Council decided that as an immediate step to aid the poultry plant the town will sell it any surplus water available at a minimum rate of 10 cents per thousand, and in the meantime a study of pumping costs and other factors will be made.

In the event of any marked expansion in the town's water system, council members pointed out, it will be necessary to make a sharp increase in water rates to all consumers.

Traffic Proposals To Be Aired Tonight At Moorefield

MOOREFIELD — The second mass meeting of representatives of all civic, fraternal and community groups in Moorefield to hear recommendations of the committee on traffic regulations will be held tonight at 7:30 at the Town Hall.

FSTC Sponsors Second Campus Day Saturday

Expect Visitors From 9 Counties

FROSTBURG — Ivan C. Diehl, dean of instruction, Frostburg State Teachers College, announced that The Lillian C. Compton Chapter, Future Teachers of America, is sponsoring a "Campus Day" at the college Saturday, in conjunction with the homecoming celebration.

Dean Diehl said this is the second Campus Day to be held this year and invitations have been mailed to high school seniors in Harford, Anne Arundel, Howard, Carroll, Montgomery, Prince Georges, Calvert, Charles and St. Mary's counties. Representatives from several high schools in several of the counties were present at the Campus Day earlier in the month and schools that did not have representation then have been invited for Saturday.

Registration will take place in Lowndes Hall lobby on Friday at 9 p.m.

The students and their counselors will be housed in the residence halls and breakfast will be served to the group in the college dining room of Frost Hall.

Other morning activities will include guided tours of the campus and a program in Compton Hall auditorium at which time visitors will be officially greeted by Dean Diehl. Dr. Thomas V. Baucom of the recruitment committee will then explain procedures for admission to the college.

President R. Bowen Hardesty will speak on "The Present and Future of the State College at Frostburg."

"Madrigal Singers" under the direction of Charles I. Sager will close the program. Following luncheon in the college dining hall the group will view the homecoming parade beginning at 1:30 p.m.

At 2:30 p.m. a soccer game between Lynchburg and State Teachers will culminate the day's activities. The college band, directed by Ward K. Cole, will play at half-time.

Barton Firemen Are Kept Busy

BARTON — Barton volunteer firemen were called Monday evening to extinguish a brush fire that was out of control on Quality Hill, making the third fire call they have answered in 10 days in that area.

The first call of the series was October 11, when they were summoned to extinguish a flu fire at the home of Frank Green on Mill Run. The second fire was also in the Mill Run area, on October 17, when a woods fire was started by garbage being burned near an old abandoned mine. Fire Chief James Lamberson stated there was no damage caused by any of the fires.

Tuesday evening firemen were called to assist Lonaconing firemen when a barn caught fire and burned on the Nelson Ward farm, Dan's Mountain between Barton and Lonaconing.

Catholic Women Host Deanery

KEYSER — The Catholic Women's Club of the Church of the Assumption, Keyser, was host to the Northwestern Deanery of the National Council of Catholic Women on Sunday, with a delegation of Catholic Women members from Front Royal, Richmond and Winchester present.

Mrs. Joseph Stanislawczyk, president of the Keyser Club, greeted the visitors representing Mrs. Kirk Stratton, president of the Northwestern Deanery, who gave an interesting resume of her trip to St. Louis, where she attended the National convention of the NCCW. Rev. John Hannan, assistant pastor of the local parish also spoke to the group.

Benediction of the most Blessed Sacrament followed in the church with Rev. Joseph Hirsch, host pastor, officiating.

A luncheon, with Mrs. Edward Dorsey and her committee in charge, followed in St. Mary's Hall.

Average Pay Increases For W.Va. Teachers

Scale Still Below National Standard

CHARLESTON, W. Va. (UPI)— The West Virginia Education Assn. says almost half of the state's public school teachers received pay increases this year to boost the statewide average to about $3,700 annually.

WVEA research director Aaron Rapking Jr. said the pay hikes ranged from $90 a year in Fayette, Kanawha, Harrison, Ohio and Tyler Counties to $225 in Marion, Hancock and Putnam. They increased the average overall salary by about $100 annually.

Increases granted in other counties were $155 to $211 in Berkeley, $180 in Greenbrier, $135 to $162 in Cabel, and $125 in Logan, Nicholas and Wyoming Counties.

Despite the increases, which affected about half of the state's teachers, Rapking said West Virginia teachers were still expected to fall farther behind the national average of almost $5,000 — an estimated increase of $300 over last year.

West Virginia's highest - paying county is Hancock in the extreme tip of the Northern Panhandle, where competition with Ohio and Pennsylvania is keen. Beginners with a bachelor's degree receive $3,765, with the scale ranging up to $5,635 for veteran teachers with master's degrees. The latter figure is $1,873 more than the minimum required by state law.

Rapking said 33 of the state's 55 counties now pay more than the legal state minimums — among them 20 of the 28 counties bordering on other states.

NEW YORK (AP) — Eenie, meenie, miney, mo. . .catch a favorite by the toe. . .if he hollers, let us crow.

Georgia Tech, Iowa and Cornell gave us the smell of roses last week (37-13 for .740), but scents change swiftly. We look for another bad day for the titans.

Our specials:

Pittsburgh 15, Army 14: Nation's No. 1 team hobbled by Pete Dawkins, Harry Walters injuries. Ivan Toncic gives Pitt punch.

South Carolina 18, Clemson 12: Tradition overwhelms form in this State Fair fixture Thursday, with another perfect record collapsing.

Iowa Is Choice

Charles And Don Keller Sign Yankee Contracts

Frederick County Brothers Assigned To Northern League

NEW YORK (AP)—The "sons of Kong" may be headed for Yankee Stadium.

The World Champion New York Yankees Wednesday signed Charley Keller Jr. and Don Keller to contracts. Both were assigned to Fargo-Morhead, N.D. of the class B Northern League, a Yankee affiliate.

Their father, Charley (King Kong) Keller starred for the Yankees for 12 seasons and finished his playing career in 1952 with a lifetime batting average of .286. He also played for Detroit for two seasons and coached the Yanks in 1957.

Charley Jr. is a 19-year-old outfielder. He is a sophomore at the University of Maryland. Don, an 18-year-old shortstop, is just out of high school.

Pirates Renew Pact With Salt Lake City

PITTSBURGH (AP) — The Pittsburgh Pirates announced Wednesday they have renewed their working club with the Salt Lake City Bees of the Pacife Coast League for the 1959 season. Salt Lake City replaced the Hollywood club after the PCL reorganization when major league clubs located on the West Coast.

Four Tied For Lead In Chuckle's League

Four teams were deadlocked for first place at the conclusion of the third week of the season in Chuckle's Mixed Bowling League. The teams involved in the four-way tie are the Screws, Nails, Rivets and Nuts with 6-3 records.

Breaking into the win column were the Washers who now own a 3-6 record while the Bolts still were looking for their first victory.

Dan Webster was high man for the Nuts with 181-446 in a 2-1 win over the Screws, who were paced by William Smith with 162-458. The Washers swept three games from the winless Bolts. Andy Smith continued to show the way for the Washers with 170-473 while Chuckles Kreiling led the Bolts with 178-508. Fran Schiller sparked the Rivets to victory in two out of three games with the Nails with 184-509 and Lillian Knieriem showed the way for the Nails in their winning effort with a 155. The standings:

Team	W.	L.	Pct.
Screws	6	3	.667
Nails	6	3	.667
Rivets	6	3	.667
Nuts	6	3	.667
Washers	3	6	.333
Bolts	0	9	.000

Patton Paces Grid Scorers

California Back Has 50 Points

By The Associated Press

Bill Patton, sophomore California fullback, has handled the ball only 56 times in games this fall. But he has been scoring almost at the rate of a point per play, and his 50 points are good enough to lead the nation's major college football scorers.

Rutgers' senior tailback Bill Austin, ranks second in the scoring department with 48 points, National Collegiate Athletic Bureau Statistics revealed Wednesday.

Patton's 50 points are the result of eight touchdowns and two extra points, all on running plays.

Bob White of Ohio State, scoring four times against Indiana last Saturday, advanced to a three-way tie for third place with Northwestern's Ron Burton and Army's Pete Dawkins. Each has 42 points.

Dave Hibbert of Arizona paces the pass receivers for the third straight week with 26 passes caught, three more than runner-up Ulmo Randle of Virginia.

Rodney Breedlove Doubtful Starter

COLLEGE PARK, Md. (AP)—Maryland's football team ran through a spirited 2-hour scrimmage in the mud and rain Wednesday in preparation for Saturday's clash with powerful Auburn.

Coach Tommy Mont said first string guards Rodney Breedlove and Tom Gunderson still are doubtful starters for the game.

Mont said his charges are in "high spirits" for Auburn. The return of John Forbes, halfback injured four weeks ago against North Carolina State, helped boost Mont's spirit.

Most of the workout was concentrated on ground plays because of the weather.

Tie Baffles Scribe — Owls Come To Town
High Rating Sought — If Allegany Loses

By C. V. BURNS

BYRON ROBERTS, who does such a fine job in preparing reports and statistics on high school football and basketball for the Washington Post Times-Herald, told us Tuesday evening that he really was surprised Friday night when North Hagerstown held Fort Hill to a 6-6 stalemate in their C.V.A.L. battle in the Hub City.

"Has Hagerstown improved that much over last season (they failed to win a game in 1957) or is Fort Hill weaker this year?" he wanted to know.

Roberts had in mind the 67-6 beating the Sentinels gave North High a year ago but we have seen many a kitten of the previous year develop into a wildcat within the space of twelve months.

Numerous so-called surprises in football actually are not surprises at all because teams change personnel in one year and what they did last season doesn't mean to say they'll repeat.

Prior to the game in Hagerstown, the Washington writer declared pressure was being brought on him to give Fort Hill a high rating and said pressure, believe it or not, came from the Washington area.

Roberts stated the fans, especially the followers of Washington & Lee High of Arlington, Va., always rated Fort Hill tops since their slambang grid series of bygone days and other schools and coaches in the district have had a lot of respect for teams tutored by Bill Hahn.

The Post writer said he was awaiting returns from Hagerstown before making a move and when he learned of the 6-6 score he was dumbfounded.

While North Hagerstown is having a good season, which includes the tie with Fort Hill and a 39-14 victory over Allegany, it's hard to explain the Hubs' 13-6 win over South High, a team everybody is belting this year, including Allegany, 32-12.

There's a lot of truth in the saying that one never knows in which direction a football is going to bounce.

INCIDENTALLY, Fort Hill faces another school it trimmed last year when it tangles with the Westminster High Owls here on Saturday night.

The 1957 game at Westminster was the highlight of the C.V.A.L. campaign and a real thriller-diller. Trailing 14-7, the Sentinels scored 27 points in the last seven minutes to pull the game out of the fire. The score was 34-14.

It's true Westminster never has beaten the Hahnmen in seven tries but remember there is always a first time and the Owls gave North High a stubborn battle before going down by the score of 18-14.

North High has only one more game on its league schedule, an engagement with Frederick, and Mel Henry's outfit will close with a 5-0-1 record if it can take the Cadets who are having their troubles this season.

This means Fort Hill must knock off Westminster, South Hagerstown and Allegany in that order to tie North High for the title. One slip, however, and Fort Hill could go out of the championship picture.

You can bet the Greenway Avenue boys will be "buckling down for Old Winsocki" from now to the finish.

FRIDAY night's game here between LaSalle and Allegany is the second in the annual triangular series for city honors which have been won outright by Fort Hill the past four years.

The Explorers have beaten the Campers four times in the past six years, including the 1956 and 1957 games, and if Allegany can't win this one it could result in quite a dip in attendance for the Thanksgiving Day game.

Fort Hill holds a 45-7 decision over LaSalle.

Cleveland Indians' Salaried Officers Asked To Resign

Inefficiency Is Charged By Stockholders

Group Says Team Can't Draw Under The Present Setup

By CHARLES R. HORNICK

CLEVELAND (AP)—A split among stockholders of the Cleveland Indians burst into the open Wednesday with a minority bloc, including Hank Greenberg, demanding the resignation of salaried officers of the baseball club.

A statement calling for the housecleaning was released by Charles M. Baxter, who said he also spoke for his brother Andrew, and Greenberg, former general manager of the Tribe. The three control about 35 per cent of the Indians' stock.

Baxter disclosed at a news conference that his faction had offered to buy out the majority interests, or sell out to them, but the proposals had been declined.

Operation Second Rate

He said his group wished to keep major league baseball in Cleveland, "but we don't think that under the present setup the club will draw enough fans, therefore providing the revenue, for a first-class team. We don't think Cleveland deserves and will support a second-rate operation."

His statement accused the club's salaried officers of inefficiency.

The minority statement mentioned only salaried officers of the club, but Baxter declined to name the ones the group had in mind.

Board Chairman William R. Daley and President Myron H. Wilson do not draw salaries.

Salaried officers of the club are Vice President George Medinger, in charge of radio and television; Vice President Nate Dolin, in charge of stadium operations; Secretary Don Hornbeck and Treasurer Harry Small. They also are stockholders.

Meet Next Week

The minority group said a shareholders' meeting would be held next week to thresh out its complaints.

Greenberg did not attend the news conference called by the Baxter brothers. He told a reporter later that he had some ideas as to who should replace the officers, but said he would prefer "to wait until the stockholders' meeting next week to air my views."

Commenting on the minority bloc's statement, Board Chairman William R. Daley said he had some definite ideas about front office changes, but added that he did not wish to discuss them "in the public prints."

Offered To Buy

Baxter said his faction's latest offer to buy out the majority bloc or sell to it was made at a directors' meeting Tuesday. He indicated the price would have been $415 a share, equal to a bid presented in a telegram to the board from a Houston syndicate. The Houston offer was about six million dollars. The price was slightly under four million when the present group obtained ownership of the club in 1956.

Baxter said his remarks about the current front office setup should not be taken as a reflection against Frank Lane, who became general manager after Greenberg was fired a year ago.

He said he felt that Lane should have more authority, taking over some of the operations now under the direction of salaried officers.

Called Family Squabble

Lane said at his home in St. Petersburg, Fla., that he didn't want "to get into a family squabble. I'm just a hired hand."

"But I will say I have never been hampered in anything I wanted to do in the front office or on the field. I have been given complete authority," he added.

Daley announced last week that the baseball club would stay in Cleveland despite some "very lucrative offers" from other cities. He refused to name them.

"Tippy" Metts Tops Scorers

Valley Booter Has Eight Goals

Clifton "Tippy" Metts, of Valley High School, is showing the way in scoring in the Western Maryland Interscholastic Soccer League with eight field goals to his credit for the first half of the season.

Jim Duncan, Beall High School, holds the runner-up spot with four tallies, including three penalty goals.

Valley High School has scored 16 points while holding the opposition to one field goal and one penalty goal. The Black Knights have had only one penalty shot to date and missed it. The point records of the other schools are as follows: Bruce 8-2, Beall 6-7, Mt. Savage 3-10 and Flintstone 4-16.

Ferrick Named Phillies Coach

Comes From Cincy To Tutor Pitchers

PHILADELPHIA (AP) — Manager Eddie Sawyer completed the revamping of the Philadelphia Phillies coaching staff when he named Tom Ferrick as his pitching coach Wednesday.

Ferrick, 43, of Havertown, Pa., coached the Cincinnati Redlegs pitchers last year.

The former right-handed pitcher in the American League joined Ken Sylvestri, Johnny Riddle and Dick Darter who were named to the Phillies staff last week.

Ferrick, who defeated the Phillies in relief in the 1950 World Series, replaced Bill Posedel. Posedel was let out at the end of the season with Wally Moses and Andy Seminick. Benny Bengough is the lone holdover in the Phils' coaching staff.

Five winners of the McLennan Handicap at Hialeah Park have gone on to win the $100,000 Widener at the Miami track. They are Many Stings, Armed, El Mono, Coaltown and Spartan Valor.

Los Angeles Coliseum Is Favorite Homer Park

193 Hit This Year, Output Of Major Leagues Is 2,240

By BEN OLAN

NEW YORK (AP) The Los Angeles Coliseum was the favorite home run park of National League batsmen in 1958. But the Dodgers' park was not nearly as vulnerable as was expected early in the season.

A total of 193 homers was hit in the Coliseum. This was well under the big league record of 219 established in Crosley Field, Cincinnati in 1957.

In fact there were only nine more homers stroked in the Coliseum than in Kansas City's Municipal Stadium, an Associated Press survey showed Wednesday. There were 184 circuit blows hit in Municipal Stadium with New York's Yankee Stadium and Boston's Fenway Park next in the American League with 140 each.

No record was maintained of the home runs hit in Los Angeles over the 42-foot left field screen

West Virginia Deaf School Rated Fourth In Class A Football

BECKLEY, W. Va. (UPI) — The State Secondary Schools Activities Commission said Wednesday that East Bank heads this week's the Class Triple-A West Virginia high school football ratings.

Sissonville and Winfield were on top of the Class AA and Class A standings respectively after seven games, the commission said.

East Bank had a rating of 13.58, followed by Barboursville at 13.14, Parkersburg 12.78, Weirton 12.64, Fairmont West 11.71 and Nitro 11.50.

In Class AA Sissonville had a 12.33 mark. Other top teams included Clarksburg Roosevelt-Wilson with 11.60, Follansbee 11.25, Pt. Pleasant 10.87, Hinton 10.58, Gauley Bridge 10.30, Williamson 10.25 and Monongah 10.08.

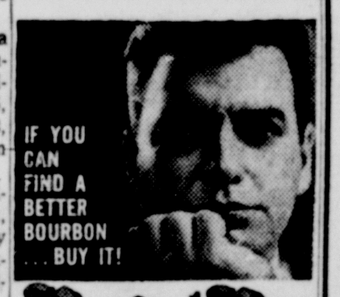

Winfield led Class A at 9.80 followed by Meadow Bridge at 9.41, War Excelsior 9.30, Romney School for the Deaf 8.60, Barrackville 8.57, Hamlin 8.20 and Middlebourne 7.75.

A commission spokesman said records were not complete for Follansbee, Pt. Pleasant, Williamson, Keyser, Middlebourne and War Excelsior.

Clemson Tests South Carolina Eleven Today

State Fair Battle Set For Columbia

COLUMBIA, S.C. (UPI)—Clemson's unbeaten and untied football Tigers come here for State Fair Week for the 56th and next-to-last time Thursday to do battle with the South Carolina Gamecocks.

The traditional intra-state rivalry begun in 1896 is called Big Thursday, and 45,000 fans will jam Carolina Stadium for the 2 p.m., e.s.t., kickoff.

Big Thursday has had only two interruptions, one year when no game was played in 1901, and seven years after the 1902 contest was followed by a riot. But after the 1959 game, Big Thursday will be no more.

Clemson insisted that the series be abolished in favor of a home-and-home rivalry played on a Saturday and the 1960 game between the two schools is scheduled for Clemson. That will mark the first time South Carolina has played Clemson in football anywhere but in Columbia on Thursday of State Fair Week.

Looks Like Clemson

On paper, this year's game shapes up as all Clemson. The Tigers, who have a knack of playing them close, came from behind in the final period of three of their first four starts and have rung up four wins by a combined margin of only 23 points.

South Carolina has beaten Duke and Georgia but lost to top-ranked Army and North Carolina. Clemson's victories were over Virginia, North Carolina, Maryland and Vanderbilt.

Both took last Saturday off to prepare for Big Thursday and both squads are expected to be at or near top strength for the kickoff.

Tigers Lead Series

Clemson leads the series with 32 victories, 20 losses and 3 ties and the 11th-ranked Tigers are a touchdown favorite this year.

Buckhannon Pitcher Signed By Pirates

PITTSBURGH (UP)—The Pittsburgh Pirates Wednesday announced the signing of Larry West 19, Buckhannon, W. Va., a right-handed pitcher, to a contract with their Grand Forks, N.D., farm club in the Class C Northern League.

The Pirates said West was one of the "most sought after" baseball prospects in West Virginia.

West, 6 feet, 190 pounds, played baseball and basketball at Buckhannon-Upshur High School and for one year at West Virginia Wesleyan College.

Elk Garden Enters Cross Country Meet Set For Morgantown

MORGANTOWN, W. Va. (UPI)—Pittsburgh Central Catholic heads the list of 10 scholastic entries from three states in the West Virginia University invitational cross - country meet scheduled here Nov. 1.

Other teams in the event include Hopewell High of Aliquippa, Pa.; Uniontown, Pa.; Marietta, Ohio, Huntington, Charleston, Dunbar, Matoaka, Elk Garden and Clarksburg Washington Irving.

Keith Locke of Huntington and Doug Kearsey of Charleston High are among the outstanding individual performers listed.

Plaques will be awarded the three top teams, and small individual trophies will go to the first 25 runners.

The meet is being initiated by WVU Coach Stan Romanoski in an effort to stimulate more interest in cross country on the high school level.

The sun is the chief cause of rain. Its heat causes evaporation of water, which remains suspended in the air until its contact with a cooler current of air causes it to condense into clouds and fall to the earth as rain.

OES Supper Bazar To Be Tonight

Cumberland Chapter 56, OES, will hold its annual bazar and turkey dinner tonight at the Masonic Temple, from 5 until 7 o'clock.

Members of the chapter will present a skit at 7:30.

Tomorrow a short business session will be conducted by Mrs. Louise Emerick, worthy matron, and Henry Earle, worthy patron, at 8 p.m.

Also at 8 there will be a card party in the assembly room. Bridge, 500 and dominoes will be played. Special prizes and table prizes will be awarded and refreshments will be served.

The muskrat is regarded by many furriers as the most important fur animal in the United States.

Va. Club First In Contest

The 110 member Woman's Club of Lexington, Va., is the first to enter the $65,000 Community Achievement contest of 1958-60, Miss Chloe Gifford, GFWC president, announces.

Open to the 15,000 member clubs of the General Federation of Women's Clubs in the United States and to affiliated clubs throughout the world, the contest is sponsored by the federation and the Sears-Roebuck Foundation. One club will receive $10,000 in this contest to encourage leadership by clubwomen in meeting community needs.

Africa's Lake Victoria, which is one and one-half times the size of Switzerland, had its level raised three feet by a new power and irrigation dam.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD—This looks very promising for Natalie Wood. Delmer Daves, who directed her in "Kings Go Forth", has been signed by Warner Brothers to write and direct. His first project will be Sloan Wilson's best-selling novel "Summer Place", and it wouldn't surprise me if Natalie returns to Warners for this very picture.

While headman Steve Trilling confirmed the signing of Daves, he said he hoped everything could be worked out with Natalie, but so far there is no news. Come on, boys, let's work it out—it's about time we had Natalie back.

Delmer recently directed "The Hanging Tree" for Warners and many other pictures during his years there.

I ran into an old friend, Andre de Toth, the director who was once married to Veronica Lake, at Dr. John Lordan's office. De Toth is one of the finest men I've ever known. He's brought up the children both by his marriage to Veronica and hers by a previous marriage. He had the little boy with him.

I asked him what is new and he said he is just starting "The Day of the Outlaw" for United Arists, and that Burl Ives, Robert Ryan and Tina Louise had signed to star. I hope Andre has good luck. A man who has been as kind as De Toth deserves good luck. He says he's very happy with his new wife, who has helped him with, the children and by whom he has another child.

A convert to Catholicism, Alec Guinness and his wife were received by Pope Pius XII just two days before His Holiness was stricken. Alec said the Pope's face looked serene but he seemed very feeble.

Guinness was guest of honor at a cocktail party at the Beverly Hills Hotel given by the United Artists group. He's on his way to Mexico for "The Horse's Mouth" for which he wrote the screen adaptation from the Joyce Cary Novel.

I hadn't talked with Alec since before he won the Academy Award for "Bridge on the River Kwai." I asked him if the award made any difference in his career and he told me he had received many more letters but he's working as hard as he has always done.

At Milton Berle's party for Carl Sandburg, I renewed an old acquaintance with the Chicago bard. Carl was on the Daily News in Chicago when I was on the Record Herald. We reminisced about the time we went to dinner with the late Lloyd Lewis, a mutual friend of ours. Carl said, "you know, you were just a slip of a girl then," and, indeed, I was on my first job on a city newspaper.

I asked him what he, as the writer of six books on Abraham Lincoln, our greatest Lincoln authority and a great poet was doing raising goats. "Oh, my wife does that," he said.

Jimmy McHugh, who is in New York for the Perry Como show, will be surprised when he gets the RCA album of "Jimmy McHugh in Hi-Fi" with Urbie Green and his trombone and orchestra, to learn that the back cover was written by L.O.P.

This album is very interesting—not the back cover—but the treatment. It's in the new orthophonic high fidelity recording and the sound is beautiful. So are the songs and arrangements.

Oldtown Democrats Launch Campaign

OLDTOWN — John J. Zapf, chairman of the Democratic Party in the Oldtown District, at a recent meeting, has appointed a committee to assist him in a Democratic campaign election day, Tuesday, November 4, 1958. Donald Carder, Edward Nixon, Cecil Nethers, Rebecca Carder, Rose Stark and Fern Deffinbaugh will participate.

Young Adults Meet

LONACONING — The Young Adult Fellowship of First Methodist Church will meet October 28, at 7:30 p.m. with Mrs. Elizabeth Ravenscroft presiding.

Installation of new officers will take place and refreshments will be served.

OES At Barton Plans Degree Work

BARTON — Mrs. Evelyn Michael, associate matron, and Austin Michael, associate patron, will be honored by officers and members of Barton Chapter No. 37 Order of the Eastern Star, at the annual observance of "Advance Night," Monday, October 27.

The affair is scheduled for 8 p.m. in the IOOF Hall.

The degree work will be exemplified by the associate matron, and associate patron. Mrs. Alleda Kimble, worthy matron, and J. Irvin Martin, worthy patron will preside.

A social hour and entertainment will follow.

Moving Eastward

FROSTBURG — Mrs. Anna Bockes, 206 East Main Street, lifelong resident of Frostburg, is in the process of selling her home and furnishings and will then move to Silver Spring to take up permanent residence.

This is another Potomac Motors Special 1-in-100 Trade In. The local 1-owner has kept the car in Tip-Top Shape with regular 1,000 mile checks and drove the car less than 10,000 miles a year. The paint looks like new, the innterior is spotless. The 6-cylinder engine with Standard Shift makes this a very economical car to operate. Has Heater, Defrosters, Signal Lights, Side Mirrors and the tires like new. See and drive this wagon—there are none in town like it for the price

Trio Survives Plane Crash In Mountains

LUARY, Va. (UPI) — Three Washington, D. C., area residents turned up safe Wednesday some 13 hours after their private plane crashed on 3,700-foot Pinnacle Peak in Shenandoah National Park near here.

The trio had been missing since late Tuesday on a flight from Elkins, W. Va. to Washington. The last radio contact with the plane was made by Quantico, Va., when a distress call was received.

Chief Ranger Karl Gilbert identified the occupants as William J. McComas, 28, of Arlington, Va., the pilot; his wife, Norma, 26, and Eli Jaffee, 36, of Washington, a student pilot and owner of the four-place Cessna 182 plane. Gilbert said McComas walked 2½ miles from where their plane crashed to a farm house to obtain aid. He was brought to park headquarters, and park personnel then returned to the scene of the crash and brought out Mrs. McComas and Jaffee.

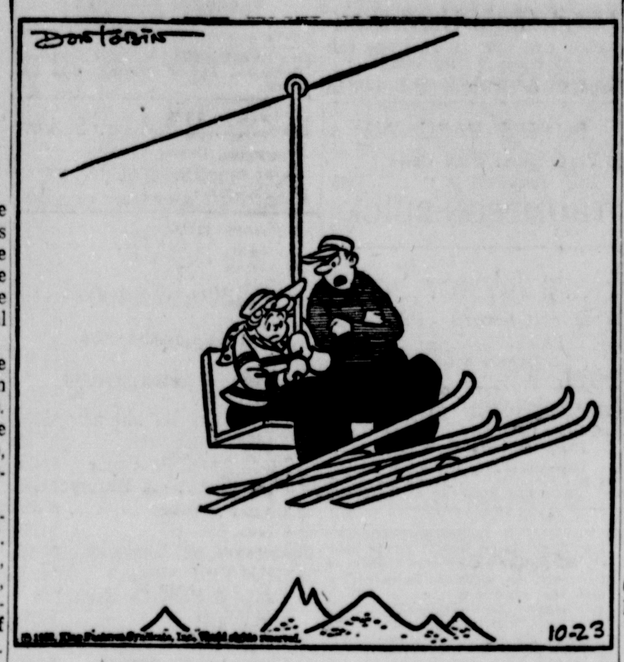

The ranger said the plane was on its way from Russell, Ky., to Washington and stopped at Elkins late Tuesday to refuel, leaving there about 5 p. m.

McComas said they ran into fog and bad weather over the Blue Ridge Mountains and he crash-landed the plane.

Gilbert said the plane was virtually demolished, but the passengers spent the night in the wreckage before McComas started out to look for help Wednesday morning. He said the occupants suffered only minor scratches and bruises.

Columbus on his first voyage of discovery, came with 120 men in three ships.

Unrestricted Draft Urged To Curtail Bonus Payments

Recommendation Is Offered By Majors' Nine-Man Committee

NEW YORK (AP) — An unrestricted draft of minor league ball players that would help curtail huge bonus payments to untried youngsters by major league clubs was recommended Wednesday by a nine-man committee.

Frank Lane of Cleveland, chairman of the committee appointed last month by Baseball Commissioner Ford Frick, said in a prepared statement, "We propose that there should be an unrestricted selection of all players signed to pro baseball contracts following enactment of this legislation."

The plan will be submitted to the major leagues at their December meeting in Washington, D.C.

Under the plan, each major league team would be permitted to draft as many players as desired from the minors regardless of experience. The current rule allows only the selection of any number of players who had four years experience.

Prior to 1957, only one player could be drafted from each minor league club. The draft price was raised from $10,000 to $25,000 last year.

The committee was appointed to study the feasibility of a new bonus rule. An unrestricted draft, however, would have the same result, because:

1. It would make major league clubs think twice before paying a sizable amount to an untested youngster, who could be drafted from the minors by another big league club the following year.

2. It would permit minor league teams to develop their own young players and then sell them to the major leagues.

Jordan Wins Over Ortega

Don Clinches Shot At Akins For Title

LONG BEACH, Calif. (UPI) — Lanky Don Jordan pounded out a gruelling split decision over Mexico's Gaspar Ortega in a nationally - televised 12-rounder Wednesday night and clinched a December title fight with welterweight champion Virgil Akins.

Although the decision was divided, virtually every sportswriter at ringside had Jordan, 143¾, a comfortable winner. There were no knockdowns in the fight but Jordan rocked Ortega, 145¾, with terrific right hands in the ninth, 10th and 11th rounds.

Jordan, rated the world's No. 1 welterweight contender by Ring magazine, proved too cagey and too fast for the rugged Tijuana, Mexico, scrapper. He pumped an endless chain of crisp left hands into Ortega's face and shook him repeatedly with solid left hooks to the body.

Referee Frankie Van and Judge Tommy Hart called it 116-114 for Jordan, but Judge Lee Grossman had Ortega, ranked No. 4 in the ring ratings for his division, a 115-113 winner.

The United Press International card showed Jordan a lopsided winner, 119 to 111.

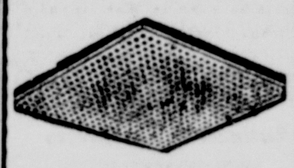

The victory was Jordan's second split decision over Ortega, whom he edged in a televised Sept. 17 fight in Portland, Ore. Their latest encounter was fought before an estimated 1,000 fans in the plush grand ballroom of the Lafayette Hotel.

Naval Officer Hints Of Super Submarines

GROTON, Conn. (AP)—A naval officer said Wednesday that "we have in production now submarines which will make the Nautilus look like a Model T."

Comdr. Erman O. Proctor addressed graduates of the enlisted basic submarine class at the submarine base.

"We soon will have submarines as big as cruisers which will be able to carry the Fleet Ballistic Missile and with it strike and destroy virtually any target within the homeland of our enemy," Proctor said.

which extended from the 251-foot foul line toward center field.

Dodgers Out-Homered

The Dodgers walloped 92 in the Coliseum with the other seven clubs combining for 101.

Only 157 home runs were hit in Crosley Field the past season—a drop of 62. One of the major reasons for the decline was the increase of the distance to the right field foul line from 242 to 366 feet.

There were 173 homers in San Francisco's Seals Stadium in its first season as a major league stadium. Wrigley Field, Chicago, was also the scene of 173 home runs. The Cubs, who led both leagues in homers with 182, and 101 at home.

Memorial Stadium, Baltimore and Forbes Field, Pittsburgh were the least "homered-in" parks. Only 80 were hit in Baltimore and 81 in Pittsburgh.

The other totals were: American League — Detroit 138; Cleveland 131; Washington 129 and Chicago 115. National League — St. Louis 150; Philadelphia 136 and Milwaukee 120.

2,240 Homers Hit

A total of 2,240 homers was hit in the major leagues the past season—1,183 in the National League and 1,057 in the American. This represented a slight increase over 1957 when there were 1,178 in the NL and 1,024 in the AL for an aggregate of 2,202.

Stock Market Irregular On Reduced Turnover

NEW YORK (UPI) — Stocks backed and filled on sharply reduced turnover with the net result a small loss for the day on Wednesday.

Several of the best features were on the upside, however, and the heaviest activity of the day came during a late afternoon rally although the rise failed to carry through.

Turnover of 3,500,000 shares was 510,000 shares below the Tuesday total and lightest for any session since Sept. 26. Heaviest volume was in low - priced issues —Studebaker Packard, off ⅜ to 13¾; American Standard, up ⅜ to 15; Mohasco, up ¼ at 11⅜; General Tire, off ⅞ to 30; American Motors, off ¼ to 28⅛; AVCO unchanged at 9¾; Peabody Coal, up ¼ at 13¼.

Next in line on the actives, however, was one of the day's chief features — P. Lorillard with a rise of 4¼ points to 80½. Starring along with Lorillard, Polaroid rose over 5 points in the cameras. Philadelphia & Reading was up over 4; Zenith, 2½ higher, and Parmelee Transportation, up almost 4 points.

Pennsylvania Railroad gave the market a momentary lift when its directors ordered a 25-cent dividend payment to keep unbroken an 111-year dividend record.

Chicago Grains

CHICAGO (UPI)—Easy to steady tones marked grain futures prices at the close on the Chicago Board of Trade.

Wheat closed off ⅝ to 1 cent; corn (old) unchanged to off ⅝ cent (new) up ⅛ to off ⅝ cent; oats unchanged to off ¼ cent; rye off ¼ to up ½ cent; soy beans off ¼ to ⅝ cent.

Buyers were in the minority again Wednesday during market activity.

Commission house and local selling prevented wheat futures from rising above previous closing levels. Japan's reported purchase of 1,075,000 bushels on the Pacific Coast was the only export business. Formosa has requested the offering Thursday of hard and white wheat. Southwest milling demand for cash wheat was slight. Some supplies have been forced out of elevators by increased movement of feed grain.

Steadiness prevented too much of a recession in corn prices as commission house buying supported the market. Elevators sold. Increased wet weather is expected to slow up harvesting.

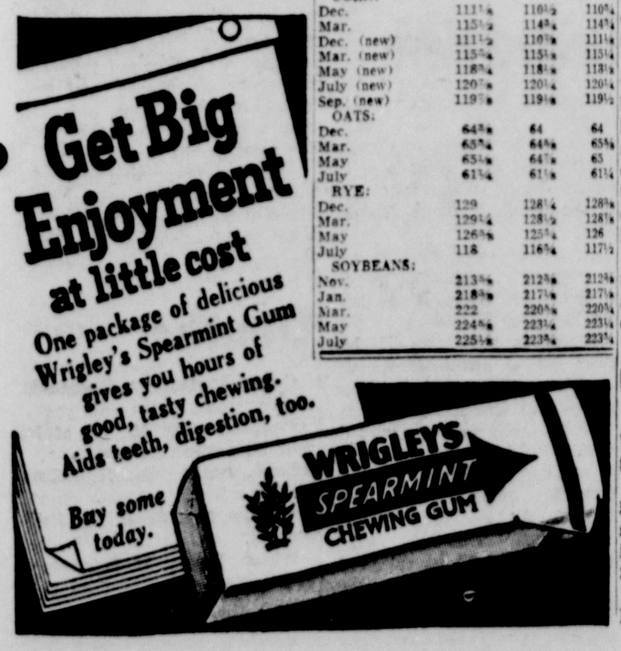

Oats futures were featureless. Trade was mixed. Commission houses sold December and March deliveries; cash interests bought in December.

Lighter hedge selling helped keep soybeans steadier. Moderate local buying gave additional support.

Grains at outside markets were rather easy.

The bidding:

West	North	East	South
Pass	Pass	Pass	1 spade
Pass	3 spades	Pass	4 spades
Pass	Pass	Pass	

Opening lead: Heart king.

The hand featured today presents an interesting study in lead control wherein declarer must combine a holdup with a loser-on-loser play in order to overcome the unfavorable distribution.

Against four spades, West opened the king of hearts.

Declarer realized that unless West held both club honors the contract would come home in routine manner. But to give himself an increased chance, he set out to strip the hand.

Upon taking the ace of hearts, he ruffed a low one in dummy, drew two trumps, and ruffed the 10 of hearts. He then played the ace and another diamond.

East was in with the queen and observed that the defense would require two club tricks. He therefore shifted to that suit.

Declarer ducked and West won with the queen. A diamond return put East in for another club lead and declarer's doom was sealed.

To be sure, South had met with extreme hard luck. The contract was assured if East had either club honor, or if West had been compelled to win one of the diamond tricks.

The less thoughtful player would have met the same fate, but in less time, for he would have tried two club finesses. But strangely, after the opening lead, careful analysis will show that the hand can be won regardless of the location of the adverse honors.

Observe that if East never gets the lead, West will be compelled at some time or other to lead clubs himself.

Declarer permits West to hold the king of hearts. If West shifts to a diamond, dummy wins. Trumps are extracted, and South plays the ace of hearts, shedding a diamond.

Then comes the 10 of hearts, which West covers and is permitted to hold as dummy lets go the last diamond.

West must return a diamond. Declarer ruffs, returns to his hand with a trump and ruffs out the last diamond. Now he leads the 10 of clubs. West wins but must surrender a trick on his return.

Utilities Told To Speed Up Street Repairs

Around-The-Clock Work Is Required

The Mayor and Council yesterday notified utility firms that when they disturb the surface of any street their crews must be worked around-the-clock until the street is open for traffic.

The notice was contained in a letter sent yesterday to the Potomac Edison Company. Copies were being sent to the Gas Company, Telephone Company and to interested city departments and officials. It was signed by Mayor J. Edwin Keech for the Mayor and City Council.

The letter advised the firm that when the surface of any street is disturbed, crews will be required to work around-the-clock until traffic can use it.

Officials warned the city "certainly will not tolerate" any further inconvenience to the public as occurred at corner of Baltimore and Mechanic streets Tuesday.

The letter said street work was started at approximately 8 a.m. and traffic was limited to one-way. The employes worked until 4:30 p.m. and "at the time of dictating of this letter had not resumed work."

"It is true," the letter said, "that it rained during the night of October 21 and during the morning of October 22," adding:

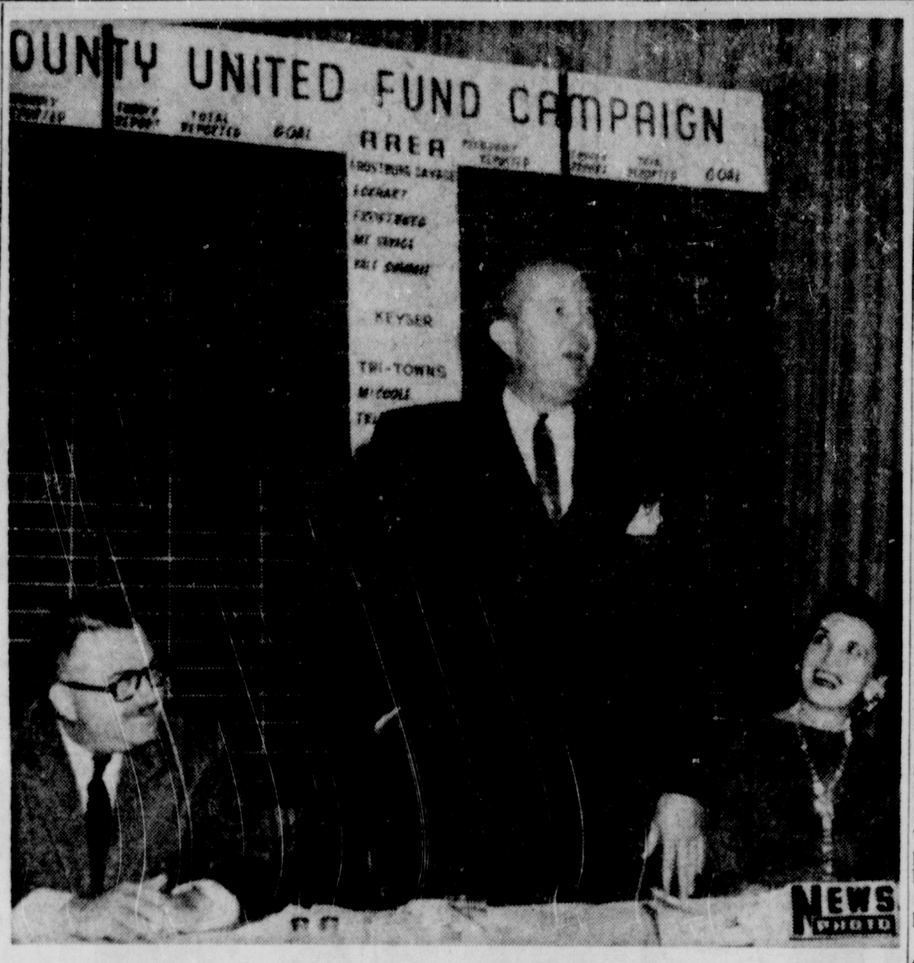

"We do not want to seem unreasonable about this matter but there are no excuses for such action and the same cannot be tolerated by the city.

"If permits are granted, they will only be granted upon express condition that you comply with the terms of this letter."

Yesterday afternoon, Potomac Edison workers restored two-way traffic after fill was tamped in the excavation made to install a steam line.

A crew reported to the site about 8 p.m. last night and completed filling the excavation on the northerly half of the street.

The traffic officer on duty said he was told crews would work around-the-clock to extend the line to the southerly side.

Goal In Sight

Lewis J. Ort, president of County United Fund, is shown above as he opened the CUF victory meeting last night with the announcement that the big givers' organization has achieved $293,314, or 87 per cent of its $339,622 goal. On the left is Earl K. Hess, Keyser, who is CUF county chairman, and on the right is Mrs. Ort.

CUF Reaches 87 Per Cent Of 1958 Goal

'Oscars' Presented To Drive Workers

"The goal is in sight," Lewis J. Ort, president of County United Fund told an overflow audience of enthusiastic Mighty United workers at their victory meeting last night at the Ali Ghan Shrine Country Club, as he announced that $293,314.46, or 87 per cent of the $339,622 goal is already in hand.

"Time-wise and money-wise, the campaign is a parallel of last year's Mighty United success," Mr. Ort told the community leaders from all over the CUF area.

Last year's campaign did not end until October 29, he stated, and the amount now in hand is almost identical with the amount reported on October 22 last year. Final reports will be heard next Wednesday, the 29th, he added.

Captain Daniel K. Biggs, campaign chairman, paid tribute to the "spirit, determination, enthusiasm and cooperation of County United Fund workers." He said that CUF is something to be proud of, pointing out that a far greater effort is made here than in many larger communities he has visited.

"CUF is the good seed," he declared—"the seed of hope for 31 great agencies. We have sown the good seed, and we are reaping victory."

Victory "Oscars" were awarded to chairmen and team captains who met or exceeded their goals to date. Walking off with the bulk of the Oscar awards were the employe committees of the Big Seven industries, who piled up a total of $97,871 to spill well over their goal of $95,773.

Reporting for the employe groups were:

Roy Satzer, Allegany Ballistics; Duane L. Boyd, B&O Railroad; Earl Johnson, Kelly-Springfield; A. Trago Brust, West Virginia Pulp and Paper; Robert Esler, Pittsburgh Plate Glass, who, with an average gift of $23 per employe are again far over the national average; Edward Duer, Western Maryland Railway; and Vito J. Dormio, Celanese Corporation of America employes.

Former Attorney General William C. Walsh reported for him-

Hyde Defends Vote Record In Congress

125 Attend GOP Rally In Westernport

Rep. DeWitt S. Hyde last night told Westernport Republicans that his Democratic opponent has been able to dig up only two of his Congressional votes to question.

Speaking before some 125 enthusiastic residents of the area in the American Legion Home, Mr. Hyde said that his opponent, early in the campaign made conflicting charges about his record in Congress.

He reported he challenged the Democratic candidate to point out any votes he cast which were not to the best interests of all the people.

The first vote questioned, he said, was his vote against a bill for federal aid to education in the states. The plan, he said, would have cost Maryland taxpayers $7 millions to get $5 millions of federal aid, and he stressed that the state would have lost $2,000,000 by the deal.

He said inquiries among federal and school authorities failed to bring out the name of one state which was incapable of solving its own school problem.

Unions Change Minds

The second item questioned, Mr. Hyde said, was his vote against the Kennedy-Ives Bill.

He said that when the bill came from the Senate to the House, Speaker Rayburn (D-Texas) kept it in his pocket for 40 days and, in the last few days of the session, referred it to the Labor Committee.

Mr. Hyde said that Democratic-dominated committee turned the bill down by a vote of 22-7.

He explained the bill did not provide for proper nomination of officers of labor unions and failed to set up proper procedures for counting of ballots.

Labor itself, he said, was confused. He cited the fact that he had early letters from unions asking support for the bill but that the same unions later reversed their stands.

Urges GOP Team

Estel C. Kelley, former member of the House of Delegates, spoke on behalf of the six Republican candidates for the House of Delegates.

It is important to the people of Allegany County, he said, that the Delegation remains all Republican in order to avoid the possibility of partisan politics.

Republican delegations, he said, have been able to work cooperatively for the people and no "harmony slogan" was needed to get the job accomplished.

Simeon W. Green spoke on behalf of the Republican candidates for county commissioner.

Mrs. Samuel Berry, whose late husband was a member of the Delegation, warmly endorsed all state-wide Republican candidates.

Man Is Returned To Face Charges

David Lawrence Green, 26, of Eckhart, was returned to County Jail here yesterday from Fayette County Jail in Uniontown, Pa., to face charges of breaking and entering Eckhart Elementary School last week.

Green was brought back by Sgt. William F. Baker, criminal investigator for the State Police. Sgt. Baker said the school was broken into last Thursday and a typewriter was stolen.

Green was picked up in Masontown after he was recognized from a bulletin which was sent by LaVale Barracks.

Accident Appeal Case Opens Here

Hearing of an appeal from a conviction of manslaughter by automobile, which began yesterday in Allegany County Circuit Court, will continue this morning at 9:15.

State's Attorney James E. Getty completed the state's case against Andrew B. Chupek, 35, of Jenners, Pa., who was charged with manslaughter in the highway death last May 17 of Frank Junior Mayhew, 34, of Piedmont, W. Va.

Chief Judge Morgan C. Harris, who is hearing the case, said it will be continued this morning. William A. Strother is foreman of the jury.

Mr. Chupek, hospitalized as a result of the accident, was given a hearing August 8 before Trial Magistrate Morris Baron, who found him guilty.

He was sentenced to six months in the Maryland House of Correction and was fined $500, but he appealed to Circuit Court. His counsel is Edward J. Ryan.

During testimony yesterday the accident was reviewed by Tfc. Milton G. Hart and Trooper L. Wayne Lewis, who investigated. Edwin R. Lilya, county investigator, read a statement which was given by Mr. Chupek.

Others testifying yesterday were Daniel E. Stroke, Leo E. Slafirski and Paul G. Bosya, of Pennsylvania, who were in the company of Mr. Chupek the night prior to the accident.

The men were working on a construction job in the Westernport vicinity and met Mr. Mayhew on the evening prior to the accident.

The fatal accident occurred about one and a half miles east of Westernport on Maryland State Route 135 between that community and McCoole. Another passenger in the car, Mrs. Junie Ellen Bennett, 21, of Ohio, was also injured in the crash. She also testified yesterday.

Police Seek Driver Of Truck That Hit Child

A 3-year-old girl escaped serious injury yesterday when she was hit by a small truck, and police would like to talk to the driver of the vehicle she apparently ran against.

Lt. James E. Van said Bonnie See, daughter of Mr. and Mrs. DeForst See, 450 North Centre Street, suffered a bump on the forehead yesterday at 12:10 p.m. when she ran ahead of her mother and was struck by a dark blue pickup truck near the intersection of North Centre and Valley streets.

Police said the driver slowed the truck and paused momentarily before driving on, apparently not realizing he had hit the child, who had walked between parked vehicles and against the side of the truck.

Lt. Van said the Police Department would appreciate it if the driver would come to headquarters and talk to authorities.

Lt. Van, Detective Thomas See and Officer Ernest Powell investigated.

The child was examined in Sacred Heart Hospital.

Worker Hospitalized

Leo H. Divelbliss, 45, of RFD 2, Flintstone, was admitted to Memorial Hospital Tuesday night with lacerations of the right leg. Mr. Divelbliss, a B&O employe, was reported to have been injured while at work.

SERVICES SET—Services for Miss Carol Jean Cox, 16, of 433 Race Street, who was killed in an auto accident Tuesday, will be conducted Saturday at 10:30 a.m. at the Scarpelli Funeral Home. Rev. Pallbearers, will be Richard Rank, James Clites, William Jewell, Frank Brown, Allen Winebrenner and Harold Sirbaugh.

Health Board Files Appeal In Water Case

Tells Westernport To Chlorinate At Dam

ANNAPOLIS (AP) — The State Board of Health has asked the Court of Appeals to order the town of Westernport to continue chlorinating its water at the Savage River Dam.

Westernport, located in Allegany County near the junction of the Savage and Potomac rivers, has for years chlorinated its water at its Savage River source, about six miles from town.

The town recently constructed a filtration plant within the city limits, and town officials planned to chlorinate the water there.

State health officials sought an injunction against discontinuance of the dam chlorinator on grounds such action would create a "public health menace" for persons who tap into the transmission pipeline between the river and Westernport.

But Circuit Judge George Henderson found that "running unchlorinated water through a main" is not an unsafe procedure. He also indicated that Westernport could not be forced to sell water outside its corporate limits. The State Board of Health appealed from this ruling.

A total of 19 Garrett County families have purchased treated water from the pipeline for about 20 years. The transmission line also has supplied chlorinated water to the Bloomington Water Co., which services Bloomington, and the wood yard of the West Virginia Pulp and Paper Co., which employs about 75 persons.

Mayor Okey E. Michael of Westernport testified in Circuit Court that the town gave all these users adequate notice of its intention to stop chlorination at the dam and offered to continue supplying untreated water.

It was testified that the town of Bloomington has provided for its own chlorination system and the wood yard has arranged to do the same. Michael said receipts from the 19 individual users are about $240 per year, and the estimated annual cost of chlorination is $3,800. He said the town would continue to chlorinate at the dam if the 19 families paid the entire cost.

It was admitted by town officials that the water is polluted and unsafe for drinking without being chlorinated or boiled. But they said the Garrett County users could arrange for a safe supply by installing individual chlorinators, by digging wells or by installing cisterns.

The state health officials claimed they have the power "to impose reasonable conditions on a municipality in supervising the alteration of the water supply system." They said they proved that the contemplated action of Westernport officials was prejudicial to the public health.

Earl Edmund Manges, attorney for Westernport, said supplying water to persons outside the city limits is beyond the town's authority, and the State Board of Health has no power to require the town to continue the practice.

Assault Trial Ends In Court With Hung Jury

Martin Mountain Property Involved

An assault case tried in Allegany County Circuit Court yesterday involving a Martin Mountain resident and four employes of the Maryland State Roads Commission ended with a hung jury.

The defendant was Thomas R. Wolford, 48, of Flintstone and the plaintiffs were George B. Hale, maintenance engineer of the SRC, Joseph A. Footen, George P. Jenkins, and Philip C. Sonner Jr., employes.

The trial was heard by Chief Judge Morgan C. Harris and the petit jury, which began deliberations about 1:15 p.m.

About 3 p.m. Edward J. Mattingly, foreman, informed Judge Harris the jury had no hope of reaching a decision in the case.

Case Is Continued

Judge Harris ordered the case continued, and discharged the jury until further notice.

The assault charge arose from an incident that occurred last June 3 at a service station and restaurant operated by Mr. Wolford atop Martin Mountain.

Testimony yesterday disclosed that the four employes of the SRC went to the site on June 3 prior to channelization work.

Wolford was said to have given the group "three minutes to get off my property" and then to have fired a shotgun into the air before repeating that the men must vacate the property.

Hoped To Scare Men

Upon taking the stand in his own defense, Wolford said the act was the culmination of lengthy litigation during which he was "walked over and lied to for three years." When asked why he had fired the weapon, he informed Assistant State's Attorney Donald W. Mason that his intent was to "scare them off."

Attorney Thomas N. Berry, who represented Wolford, brought out that the State Roads Commission has been in negotiation with the Wolford family since August of 1956 when an option was taken on the property in question. The option was not taken up, questioning disclosed.

B&O Train Schedules Will Change

The new passenger train schedule of the Baltimore and Ohio Railroad Company will go into effect here Sunday with the termination of daylight saving time.

Church To Hear Layman Speak

Milton G. Fiene, West Coast field representative of the Lutheran Laymen's Stewardship Movement, will be the guest speaker next week at the congregational dinners at St. John's Lutheran Church.

Mr. Fiene, a layman of the United Lutheran Church, visits congregations and helps them in their stewardship and budget programs.

Rev. Russell E. Fink, pastor, said the dinners at the church are a part of the 1958 stewardship program. The program will include a visitation program, gathering of pledges and estimates for the church program, and acquainting members with the work of the church.

Progress reports and proposals for new projects in 1959 will be given at the dinners which will be held Monday, Tuesday and Wednesday.

Election Board Makes Polling Place Changes

A change of polling places in Midland and Westernport has been announced by the Allegany County Board of Election Supervisors, which is busy getting ready for the general election on November 4.

Irvin Neat, clerk in the local office, said voters in District 18, Precincts One and Two, and in District 27 in Midland will vote in the Midland Elementary School auditorium.

Formerly they voted in the fire hall of that community. Some 851 eligible voters of Midland are being notified by mail.

In Westernport, District 8, Precinct Two polling place has been moved from Hammond Street School to the Campbell storeroom, corner of Rock and Hammond streets.

Some 859 voters, who will be affected by the move, are being notified by mail, Mr. Neat said.

On October 27, 28 and 29 the 100 voting machines which will be used in the election will be distributed throughout the county.

Other necessary election supplies will be in the hands of election officials in plenty of time, according to Mr. Neat, who said the office is just about ready.
